ACKNOWLEDGEMENTS

At the very beginning, these words of gratitude are in order. I will be forever indebted to...

My supervisor Dr. Madhu Bhalla for kindly seeing me through in the toughest of times, sometimes with a word of affectionate encouragement and at others with the very necessary reprimands, and also for painstakingly going through the endless drafts so very patiently. Without her constant inspiration and tireless help this monograph would never have seen the light of the day;

The informal academic atmosphere and the faculty of CEAS for fostering my interest and inclination for research, and also my seniors and colleagues who were always eager to help whenever I needed them;

The librarians and the staff in ICS, Teen Murti, American Centre, IDSA and JNU for helping me to locate my research material;

Bibhu, Nanda, Nihar, Shanti, Rajashree Apa, Dharani, and the three qualified Mountaineers Suparna, Benoy, and Kamala for their invaluable friendship, constant encouragement and moral support during the times of need;

Finally, but most importantly, the two adorable ones – Nupur and Pocky for all their love and confidence in me.

The mistakes that must remain are all mine, but the credit for success (if there be any) I must necessarily share with a whole lot of people.
