LIST OF TABLES

Table 4.1  Attenuation coefficients for water and KBr compared with XCOM values  45
Table 4.2  Comparison of experimental attenuation coefficients with XCOM values for rare earth elements at 59.54 keV  48
Table 5.1  Experimental photoelectric cross sections at 59.54 keV For rare earth elements  62
Table 6.1  Percentage water content in various plant leaves and corresponding attenuation coefficients  68
Table 6.2  Percentage water content in various wood samples and corresponding attenuation coefficients  68
