ACKNOWLEDGEMENTS

In completion of this research innumerable people helped me through their scholarship, intellectual insights, moral encouragement and suggestions.

The first personality that instantly comes to mind is my supervisor Prof. Kuldeep Mathur, who gave me an opportunity to work under his valuable guidance and constant encouragement with critical and constructive comments. In spite of his other important academic engagements, I never confronted a shortage of time for having discussion with him. He provided me several books and articles for reference from his personal collection. I earnestly acknowledge his contribution in bringing the thesis to the present shape and shall remain grateful to him.

I thank members of the faculty of the Centre for Political Studies, who helped me on one occasion or the other. I extend my heartfelt thanks to Prof. C.P.
