ACKNOWLEDGEMENT

I would like to record my deep sense of gratitude to Dr K. K. Mohammed Yusuff, Reader, Department of applied Chemistry, Cochin University of Science and Technology, who by his inspiring guidance has made my sojourn in chemistry a successful event. I express sincere thanks to Dr. K. L. Sebastian, Professor and Head, Department of Applied Chemistry for his keen interest in this work and for his valuable suggestions and encouragement. The help extended by Prof. Paul A. Vatakencherry, former head of the Department of Applied Chemistry is gratefully acknowledged.

I remember with gratitude Dr. Joseph Maroor, Principal, S. B. College, Prof. K. J. George, Head, Department of Chemistry, S.B. College and my colleagues in the department for their constant encouragement and co-operation rendered to me during my research programme.

I am thankful to the teachers the non-teaching staff and the research scholars of the Department of Applied Chemistry, Cochin University of Science and Technology for all the invaluable help given to me during my work. I sincerely appreciate all the assistance given to me by Mr A. R. Karthikeyan, Mr. C. Krishnakumar and Miss R. Sreekala during the course of my work.
The financial assistance received from the UGC, as JRF, is gratefully acknowledged. I thank RSIC, IIT, Madras for providing necessary spectral data.

I always remember the love and support showered upon me by my beloved wife Marykutty and the other members of my family.

E. J. Mathew
