LIST OF TABLES

Table I.1  Concentration In The World Pharmaceutical Industry By Market Sales................................. 15

Table I.2  Leading Therapeutic Categories In The World Pharmaceutical Industry – 1998...................... 18

Table I.3  Top Pharmaceutical Companies In The World-1998.................................................. 20

Table I.4  Per Capita Drug Expenditure In Various Countries-2001.................................................. 23

Table I.5  Global Pharmaceutical Market By Value (1997-2001).................................................. 52

Table I.6  Overview Of Major Therapeutic Segments In The Indian Market...................................... 54

Table I.7  Indian Pharmaceutical Joint Ventures Abroad......55

Table II.1  Comparison Of The Lowest And Highest Retail Prices In Us $ Of 100 Units Of Nine Originator’s Proprietary Brands Of Eight Drugs In Developing Countries............................... 80

Table II.2  The Range And Ratio Of The Retail Prices Of The Originators’ Proprietary Brands And The Generic Equivalents................................................................. 81

Table II.3  Time Lag Between Originator And Local Firm In Introducing The Product........................ 83

Table III.1  Number (percentage) of Patens In Force Held By Foreigners............................................ 111
Table III.2 Patent Exclusions

Table III.3 Major Drugs Of Therapeutic Impact Developed With Public Funded Research (1965-1992)

Table III.4 Percentage Of Firms Claiming That The Strength Or Weakness Of Intellectual Property Rights Has A Strong Effect On Whether Direct Investments Will Be Made, By Type Of Facility, 1991

Table III.5 Percentage Of Firms Claiming That Intellectual Property Protection Is Too Weak To Permit Types Of Investment, 1991

Table IV.1 Indian Pharmaceutical Market 1970-1993 (Sectoral shares)

Table IV.2 Size And Capital Investment In Indian Pharmaceutical Industry

Table IV.3 Temporal Progress in the Pharmaceutical Industry

Table IV.4 Major Pharmaceutical Firms in India (1977-2000)

Table IV.5 Production of Drugs & Pharmaceuticals in India

Table IV.6 Import of Drugs & Pharmaceuticals in India

Table IV.7 Exports of Drugs & Pharmaceuticals in India

Table IV.8 Balance of Trade in Indian Pharmaceutical Industry 1980-2000
Table IV.9  Employment in the Indian Pharmaceutical Industry......................................................... 161

Table IV.10  Major Therapeutic Segments in the Indian Pharmaceutical Industry – 2000.......................... 162

Table IV.11  Profitability Trend Analysis in the Indian Pharmaceutical Industry................................................. 167

Table IV.12  Major Brands in the Indian Pharmaceutical Industry- 2000................................................. 168

Table IV.13  Mega-mergers in the World Pharmaceutical Industry..........................................................170

Table IV.14  The Major Mergers, Acquisitions and Takeovers in The Indian Pharmaceutical Industry.............. 171

Table IV.15  Sales Growth (1999-2000) of Indian Pharmaceutical Firms....................................................173

Table IV.16  Top 30 Indian Pharmaceutical Companies By Net Profit (1999-2000)........................................174

Table IV.17  Top 30 Pharmaceuticals Firms by Operating Profit Margin(1999-2000)....................................176
Table IV.18  Patent Expiry Dates in the World Pharmaceutical Industry .......................................................... 182

Table IV.19  Drug Prices Before and After WTO Agreement in India .......................................................... 183

Table IV.20  Global Price Variations of Formulations .......... 184

Table V.1  R&D Expenditure in Indian Pharmaceutical Industry .......................................................... 192

Table V.2  List Of Recognised In-House R & D Units In The Pharmaceutical Sector ........................................ 192

Table V.3  Repetitive Collaborations In Therapeutic Categories .......................................................... 198

Table V.4  Distributional Pattern of Licensing Agreements In Indian Pharmaceutical Industry: 1951-1986 .... 208

Table V.5  Drugs and Pharmaceuticals Foreign Collaborations (1977-1987) ........................................... 209

Table V.6  List of Bulk Drugs Identified by the High Technology committee .................................................. 220

Table V.7  Bulk Drugs Involving High technology Technology Available Indigenously (India) ............ 222

Table V.8  List of Pharmaceutical Process Technologies Developed by National Laboratories ..................... 223

Table V.9  Generation of New Drugs From Public Funded Organizations .................................................. 226
