

LIST OF TABLES

No.	Title	Page No.
1.1	Satellite data used in wasteland mapping	15
1.2	Source wise data for gross and net irrigated area in Sri Ganganagar (1988-89)	23
2.1	Physical progress of tube well program	37
3.1	Wasteland classification (based on 1:1 million scale)	51
3.2	Wasteland statistics of Sri Ganganagar district	56
3.3	Water resource region of sample I (1996-97)	60
3.4	Area under different wasteland and other landuse categories in sample I (1996-97)	60
3.5	Water resource region of sample II (1996-97)	62
3.6	Area under different wasteland and other landuse categories in sample II (1996-97)	63
3.7	Water resource region of sample III (1996-97)	65
3.8	Area under different wasteland and other landuse categories in sample II (1996-97)	65
4.1	Sample I growth of wastelands and cropland	73
4.2	Sample I changes in land use categories during 1970-71 and 1996-97	75
4.3	sample II growth of wastelands and cropland	76
4.4	sample II changes in land use categories during 1970-71 and 1996-97	78
4.5	sample III growth of wastelands and cropland	80
4.6	sample III changes in land use categories during 1970-71 and 1996-97	82

5.1	Village wise sample households of Suratgarh and Gharsana blocks	86
5.2	Main Occupation of households in the sample households of Suratgarh and Gharsana blocks	91
5.3	Literacy level of households in the sample households of Suratgarh and Gharsana blocks	92
5.4	Size of holdings in the sample households of Suratgarh and Gharsana blocks	93
5.5	Ec and soil depth cross tabulated in sample villages of Suratgarh and Gharsana blocks	95
5.6	Chi square test results	95
5.7	pH and depth cross-tabulated in sample villages of Suratgarh and Gharsana blocks	95
5.8	Chi square test results	96
5.9	pH and Ec of soil samples cross-tabulated in Suratgarh and Gharsana blocks	96
5.10	Ec and pH of soil samples cross-tabulated in Bareka and Rangmahal Villages, Suratgarh block	97
5.11	Cropping pattern and land holding size (hectares) cross tabulated in sample households of Suratgarh and Gharsana blocks	99
5.12	Current crops and its conditions in sample households of Suratgarh and Gharsana blocks	100
5.13	Land holding size and crop conditions cross tabulated in sample households of Suratgarh and Gharsana blocks	101
5.14	Chi square test results	101
5.15	Crop conditions in 178 households of Suratgarh block	102

5.16	Modes of irrigation in sample households of Suratgarh and Gharsana blocks	103
5.17	On farm mechanization in sample households of Suratgarh and Gharsana blocks	104
5.18	Weeding operation in sample households of Suratgarh and Gharsana blocks	105
5.19	Harvesting operation in sample households of Suratgarh and Gharsana blocks	105
5.20	Waterlogging and number of watering in wheat cross tabulated In sample households of Suratgarh and Gharsana blocks	106
5.21	Chi square test results	107
5.22	Number of watering in wheat and mode of irrigation cross tabulated in sample households of Suratgarh and Gharsana blocks	108
5.23	Chi square test results	109
5.24	Number of watering in wheat and salinity cross tabulated in sample households of Suratgarh and Gharsana blocks	110
5.25	Chi square test results	110
5.26	Number of watering in cotton and waterlogging cross-tabulated in sample households of Suratgarh and Gharsana blocks	111
5.27	Chi square test results	112
5.28	Number of watering in cotton and salinity cross tabulated in sample households of Suratgarh and Gharsana blocks	112
5.29	Chi square test results	113

5.30	Waterlogging and salinity cross tabulated in sample households of Suratgarh and Gharsana blocks	114
5.31	Correlation analysis of salinity and waterlogging in the sample households of Suratgarh and Gharsana blocks	115
5.32	Ec values of stagnant water: Suratgarh block	116
5.33	Land holding size and waterlogging and salinity cross tabulated in sample households of Suratgarh and Gharsana blocks	116
5.34	Chi square test results	117
5.35	Land holding size barani land cross tabulated in sample households of Suratgarh and Gharsana blocks	118
5.36	Chi square test results	118
5.37	Reclamation efforts made by the households in sample households of Suratgarh and Gharsana blocks	119
5.38	Cost benefit account for 12 households in Suratgarh and Gharsana blocks	121
5.39	Land holding size and wasteland utilization cross tabulated in sample households of Suratgarh and Gharsana blocks	124
5.40	Chi Square test results	124
