STUDIES ON BIOCHEMICAL EFFECTS OF SOME ENVIRONMENTAL TOXINS AND MITIGATION OF ADVERSE EFFECTS

EMPHASISING ARSENICAL TOXICOLOGY IN INDIAN CAPRINES

DOCTOR OF PHILOSOPHY
THESIS
Applied Chemistry
Faculty of Engineering
Pt. Ravishankar Shukla University
Raipur (CG), India

SUBMITTED BY
MANJU ROY
RESEARCH SCHOLAR
Department of Applied Chemistry,
Bhilai Institute of Technology, Durg, CG, India
Assistant professor, College of Veterinary Sciences & AH,
Anjora, Durg, C.G

GUIDED BY
DR. PIYUSH KANT PANDEY
Ph. D., FICCE (India), FIEE (India), MAAS (USA), FUJEP (Czech Republic)
Member Steering Committee of Technology Systems Group, DST, Ministry of Science & Technology, Govt. of India
PROFESSOR AND HEAD
Environmental Science & Engineering and Applied Chemistry
BHILAI INSTITUTE OF TECHNOLOGY, DURG, CG, INDIA
2006
