Acknowledgment

First and foremost, I offer my sincere gratitude to my supervisor, Dr. Kanury V.S. Rao for his supervision, advice, and guidance from the very early stage of this research as well as giving me an extraordinary experience throughout the work. His truly scientist intuition has made him a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a researcher. I am indebted to him more than he knows.

I gratefully acknowledge Dr. V. Manivel for his advice, supervision, and crucial contribution, which made him a backbone and mentor of this research and so to this thesis. His involvement with his originality has triggered and nourished my intellectual maturity that I will benefit from, for a long time to come. I owe my sincere thanks to Dr. Pawan Sharma, Dr. Natarajan and Dr. Gobardhan Das for their persistent guidance and help whenever I needed.

I would like to thank Prof. V. S. Chauhan, Director, ICGEB, who gave me the opportunity to work at ICGEB. His support at various stages in these past four years is duly acknowledged.

I have also been benefited by advice and guidance from Dr. Dhiraj Kumar and Ms. Rashmi Tickoo who kindly granted me for their time even for answering some of my unintelligent questions about proteomics and mass spectrometry and furthermore for sharing some light moments in the lab. I owe my heartfelt thanks to Shilpi, Vivek, Parul di, Raina di and Naresh sir for their selfless support and standing by me in times of need. Naresh Sir and Zaved Bhai often made sure that none of us starved and Parul Di made sure that none of us went depressed after long hours of experiments. It is pleasure to mention: Samrat, Sachin, Srikanth, Ranjan, Virendra, Faisal, Nooshin, Noor, Azhar, Lekha, Sheeba, Shilpa, Swati, Kamya and Ankur for sharing various thoughts during the lab hours. I have been blessed with a friendly and cheerful group of my batch mates in ICGEB. Ekta, Bhavna, Shikha, Sarwar, Hung, Anando, Asrar, Tarun, Talha, Hardeep and Pranjal for their Company and timely support. Thanks to Rahul sir, Manjula mam and Dhruva mam for the lunch meetings and dry humor about scientist’s life!

Aparna has been a good companion on weekends to get relaxed from busy work schedules. Thanks a ton to Vaishnavi for being such a wonderful roommate, who always used to be ready to lend a band of help and hear my research frustrations.

I thank to Ashok ji, Pradeep and Rafiq ji for providing all the lab wares and equipment I needed to produce and complete my thesis work.

I convey special acknowledgement to Pratibha, Tina and all administration staff for their indispensable help dealing with hostel, scholarship and other administration matters during my stay at ICGEB, New Delhi and the DBT, Govt. of India, which has generously funded my scholarship.
Where would I be without my family? My parents deserve special mention for their inseparable support, dedication, love and persistent confidence in me. My mother particularly, in the first place is the person who put the fundamental of my learning character, showing me the joy of intellectual pursuit ever since I was a child. She always raised me with her caring and gentle love. Chacha ji, Baba ji, Dadi ji, Tau ji, Tai ji, Chachchu, Chachi, Anu-jiya ji, Dada-bhabhi, Servesh Bhaiya & Bhabhi, Saurabh thanks to all of them for being supportive and caring siblings in every phase of my life. Mohit, my younger brother particularly has tremendously supported me in every step of my life including the last stage of my thesis work when he was there with me in Delhi.

My heartfelt thanks to my Nani ji, Mama and Mami who have always been there with us through thick and thin. I feel deep sense of gratitude to my late Nana ji who hold a very special place in my heart.

Words fail me to express my gratitude and admiration towards my husband Amritanshu, whose friendly nature dipped with humor and support has taken the load off my shoulder. I owe him for being unselfishly let his intelligence, passions, and ambitions collide with mine. Thanks a lot Amritanshu!

Also, I feel deepest sense of gratification towards my in-laws for accepting me as a member of the family, warmly, particularly in midst of my PhD and allowing me to excel in my pursuits.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

I gratefully admire my Teachers at each and every stage of my career, without their guidance and inspiration, it would have been impossible to reach at the present stage of my life. Last but not the least, I take a deep sigh of relief and see towards Almighty for bestowing upon me the courage to face the complexities of life and complete this project successfully.

Once again I THANK VERY MUCH to all the people who have contributed in their special ways to make the completion of this thesis possible and made me see this day.

Manjari
