Acknowledgement

This thesis/research would not have been possible without the support and inspiration of many people. I would like to thank all who have helped and inspired me during my doctoral study at Guru Nanak Dev University.

I devote all my achievements to Almighty whose grace and blessings are always with me. He gave me the strength, perseverance and spirit needed to accomplish this thesis.

I would like to express my sincere appreciation and gratitude to Dr.(Mrs.) Damanjit Kaur, Professor, Department of Chemistry, G.N.D.U, my thesis mentor, for her support and encouragement during PhD. Thanks to her for all the advices she gave me on lab work and passion for research. Her wide knowledge and logical way of thinking have been great value for me. Her understanding, encouraging and personal guidance have provided a good basis for the present thesis.

I wish to gratefully acknowledge former Heads Dr. Ishtiaque Ahmad, Dr. Subodh Kumar and Dr. B. S. Randhawa (Present Head), Department of Chemistry, for providing me necessary helps to accomplish this task. I am also thankful to UGC-SAP and UGC, New Delhi for their financial assistance.

I had the privilege of working with most brilliant bunch of ladies, Punita, Rupinder, Ruchi, Ritika, Darpan and Rajinder, undeniably the most helpful and resourceful people in my PhD. I thank my fellow labmates for the stimulating discussions and for all the fun we have had in the last years. Many wonderful memories are part of wonderful companionship of Darpan and Rajinder for being there for me. I also thank Durgesh and Navpreet for providing support and friendship that I needed.

My deepest gratitude goes to my family for their unflagging love and support throughout my life. I am indebted to my mother and father, for teaching me to dream big and work hard towards achieving it. Thanks to Dinesh, Niti, Shivani and Abhishek, for being supportive and caring siblings.

Special thanks to the newest additions to my family, Kunal, my fiancé as well as his wonderful family for their thoughtfulness and love. Kunal has been a
true and great supporter and has unconditionally loved me during all ups and down. He has been non-judgmental of me and instrumental in instilling confidence. His unending love and trust keeps me energized in all my endeavors. Thank you for being in my life with open arms on everything.

I also thank the wonderful staff in the Chemistry Department for always being so helpful and friendly.
