Acknowledgements

I am thankful to almighty Lord Jesus Christ for the gift of life and endowing it with wonderful opportunities and beautiful people. I take this opportunity to thank all those who have been instrumental in successful completion of this scientific endeavour.

I find immense joy in expressing profound reverence, admiration and cordial gratitude towards my supervisor, Dr. Srikanta Kumar Rath, Scientist, Genotoxicity Laboratory, Division of Toxicology, Central Drug Research Institute (CDRI) for his valuable suggestions, insightful ideas and continuous support during my research activities. He was a continuous source of inspiration and encouragement at times most needed and provided constant supervision and precise direction to complete this work in time.

I pay my sincere gratitude to Dr. Rakesh Tuli, Director, CDRI, Dr. O P Asthana, Head, Division of Toxicology, CDRI, Dr. C M Gupta, Ex-Director, CDRI, and Dr. Sudhir Srivastava, Ex-Head, Division of Toxicology, CDRI for allowing me to work in CDRI and providing all necessary facilities inside and outside the institute.

I would like to thank Dr. Rakesh Tuli, Director, Centre for Cellular and Molecular Biology (CCMB), Hyderabad for allowing me to visit Microarray Facility and learn microarray data analysis. My sincere and heartfelt gratefulness goes to Dr. Shashidhara, Mr. P Ramesh and Mrs. Madhavi, Microarray lab, CCMB for helping me to understand all the difficult steps involved in data analysis. Without their support this endeavour would have been frightfully difficult. Simultaneously, I would like to thank all those people whom I have consulted over the internet regarding difficulties encountered during data analysis particularly clustering and pathway analysis steps. I would especially like to remember Gurbaksh Bassi, University Health Network, Toronto, Canada for clarifying all my trivial enquiries with patience.

I express my indebtedness towards Dr. Cham Sharma, In-charge Microarray Facility, CDRI, for her continuous cooperation in smooth operation of the necessary components of microarray laboratory and Dr. Rishi Shanker and his group especially Miss Pushplata and Mr. Siaram, Environmental Microbiology Laboratory, Industrial Toxicology Research Centre, Lucknow, for their help in conducting validation experiments using real-time PCR.

I am thankful to Dr. N Sinha, Dr. R K Singh, Dr. R K Tripathi, Dr. S K Mathur, Dr. Agnihotri, Dr. P Singh, Dr. S Bhaduria, Dr. S Singh, Mrs. Anupama, Mr. Ratan Sarkar, Mr. Ram kumar, Mr. Ayodhya and all the present and past members, especially Dr. Geetika Bhatia, of Division of Toxicology for their kind help whenever required. I would like to express special and incalculable gratitude towards Dr. Sharad Sharma, In-charge Histopathology Laboratory and Mr. S M Verma for their help in histological studies.

I was really fortunate to work in a stress free atmosphere and helpful people were always around when ever I found my self in dire situations. My special thanks goes to Mr. Ashok Singh (for care and support in innumerable ways), Mr. Amit Kumar Mitra, Mr. Prabhat Singh (for cheerfully accepting my remarks), Mr. Shrawan Mishra, Miss Neeti Sagar, Miss Pratibha Mishra, Dr. Neetu Singh and finally Mr. Bachha Ram (for supplying my incessant demand of coffee). I would also like to thank my colleagues of Toxicology Division, Dr. Gyanendra Singh, Dr. Rajeev Mishra, Mrs. Diva Shukla, Mrs. Sudipti Gupta, Miss Dharmshela and Mr. Pankaj Singh for their immense support and encouragement during my stay in the division.

I am pleased to extend my thanks to all colleagues in and outside CDRI who helped during my research work and came to my aid when I desperately needed them. I am especially thankful to Dr. Amog Sahasrebude, Dr. Prasoon K Gupta, Dr. Saman Habib, C S Blesson, Sujith

I am blessed to have large number of friends who were ever caring and supportive during these years of research work. I would like to especially mention the names of the cricket team members Dr. Prem P Yadev, Dr. Arun K Triwedi, Jitendra Madan, Vikas Jain, Parag Shah, Naseeb Singh, Suraj, all the bitsians and trainees who played cricket with us.

I would like to express my deepest and devoted thanks towards my room mates Suresh L Mehta, Venkta Prasuja Nakka and Raj Kumar for their brotherly love and making my stay cozy and memorable. I shall always cherish the good times that we have spent together.

I would like to acknowledge CSIR for the financial support in the form of Junior and senior research fellowships. Financial assistance of CSIR network project CMM0018 is duly acknowledged.

Finally, I would like to thank my parents, sister and her family for their continuous support and encouragement that provided me the necessary impetus to move on. Last but not the least I express my heartiest thanks towards my beloved brother for being so understanding. Without your help I could have never finished writing the thesis and research papers in time.
