Acknowledgement

This work is a reflection of the rays of clemency emitted from the Almighty. Words feel short in evaluating this benison in each and every aspect of my life. At this junction my head bows down at his feet with a holy passion.

No words can adequately express my gratitude and respect towards my Guide Dr. C. S. Shreedhara, Professor and Head, Department of Pharmacognosy, MCOPS, Manipal University, Manipal, for his guidance, invaluable advice, encouragement and support throughout the course of my research work. I shall always be indebted for the knowledge and skills, which I could imbibe from him.

My deep sense of respect and sincere thanks to my Co-guide Dr. K. K. Srinivasan, Professor, Department of Pharmaceutical Chemistry, MCOPS, Manipal University, Manipal, who was always there with his enthusiastic suggestions and corrections.

It's my privilege to express my grateful acknowledgment to Dr. N. Udupa, Director Research (Health Sciences) Manipal University who gave me an opportunity for doing my PhD under AICTE sponsored Quality Improvement Programme.

I wish to express my deep appreciation to Dr. C. Mallikarjuna Rao, Principal, MCOPS, Manipal University for his support, guidance and advice that I have received during the completion of this research work.

I wholeheartedly thank Dr. Sreenivasa Reddy, Vice Principal, MCOPS, Manipal University and all other department heads for their support during my research work.

I am extremely thankful to the faculty of Pharmacognosy, Dr. Manjunath Setty, Dr. Richard Lobo, Dr. Saleemulla Khan, Dr. Ashwath Ram, Dr. Chandrashekhar and Mr. Vasudev Pai, for supporting me throughout this work.

I thank AICTE, New Delhi, for providing financial support and Manipal University for providing all the necessary facilities for carrying out this research work.
