Acknowledgements

I would like to take this opportunity to put on record my thankfulness and gratitude to all those who helped me in achieving the target.

I find myself lacking in extending my profound sense of respect and, deepest and sincere gratitude to my supervisor Prof. Atanu Kumar Pati, Ph.D., FNASc, School of Life Sciences, Pt. Ravishankar Shukla University, Raipur, Chhattisgarh, under whom I had the privilege to work. His wide knowledge and logical way of thinking have been of great value for me. His understanding, encouragement and personal guidance have provided a good basis for the present thesis. Had it not been for his incredible help coupled with valuable suggestions, relentless efforts and constructive criticism, this would never have become an interesting task. Moreover, his optimistic attitude, vision and appreciation were such as to give impetus to my thoughts and efforts for which I will ever remain indebted to him.

My sincere gratitude and appreciation are also due to Dr. R.K. Pradhan and Dr. Arti Parganiha, whose constructive suggestions always encouraged me throughout my tenure in this chronobiology lab.

I am also indebted to Dr. Arvind Agrawal for providing me with the constant encouragement and moral support during the period of this study.

I would like to emphatically and respectfully mention the name of head of the department, Prof. V. Rai, who rendered generous co-operation and help during the
tenure of this work. I am obliged to all faculty members of this School, namely Prof. S.K. Mishra, Dr. A.K. Gupta, Dr. Aditi Poddar, Dr. S.C. Naithani, Dr. Vijaya Koche, Dr. S.K. JadHAV, Dr. K.K. Sahu and Dr. Amia Tirkey, for their constant encouragements and help.

My science thanks are due to Dr. R.P. Parihar, Head of Zoology Department, Dr. P.N Tiwari, Head of Biotecnology Department, both from Kalyan Mahavidilaya, Bilal, for extending me kind support and unreserved help during the course of my work.

All my laboratory colleagues, namely Venu Achari, Anil Ramteke, Pushpa Poddar, Anjana Kar, Rakesh Soni, Paramita Dubey, Razia Sultan, Nishtha Vaidya, Chaynika Nag, Babita Pandey, Abhijit Ray and Rashmi Mishra are very special to me. I thank them for all the unreserved help, constructive criticism and excellent advice. I am also thankful to my friends, Alka Mishra, Nusrat Khan, Onkar Prasad Chandra, Pragati Thakur, Nirmala Gupta, Sweta Sharma, Dipti Sahu for their help and encouragements.

My special thanks are due to Mr. Kamelesh Pandey, Pandeyatronics, Raipur, for help in setting up the aquariums and experimental setup, during the course of this study.

I owe my loving thanks to Rajvardhan, my little kid, for bearing with my long absence from home and all the nice little smiles of his that filled me with energy. I humbly acknowledge the immense contribution of my husband Mr. Ravi Shankar who guided me right through the arduous path and gave me encouragement when
I needed it the most and has been my source of strength, which enabled me to complete this work.

My special gratitude is due to my family, relatives, friends and well wishers for their encouragement and moral support.
