ACKNOWLEDGEMENTS

The work of doing research for the award of doctoral degree needs the support of many people. First and foremost I acknowledge GOD for giving me the wisdom and confidence in accomplishing this work.

My sincere thanks go to my guide and teacher Dr. Renuka Garg. It was her support in terms of knowledge, resources and guidance that has made this thesis see the light of day. Her constant words of encouragement and right direction at crucial moments helped me to finish this work. This thesis would not have been possible without her support.

I would also like to thank my parents, my wife, my kid, my brother and my sister for all the help during difficult times in the research work. Their encouraging words and mental support was always at the right time to get me back to the work. I also take this opportunity to thank all my relatives and in laws for their constant support.

How can I forget the help provided by my dear friends Dr. Ravi Vaidya,(Assistant Professor, SRLIMS, Surat), Dharmendra Trivedi (Librarian, L&T Project Institute of Management, Vadodara) and Chirag Rathod,(Assistant Professor, DBM, SPCE, Visnagar) at crucial junctures in the research? They all were always eager even at odd hours to help me accomplish this task.

I also thank my FDP colleague Dr. Hemant Trivedi (Head of department, Petroleum University, Dehradun) for giving the initial push to pursue the study.

I also thank the authorities at my institute- GIDC Rajju Shroff ROFEL Institute of Management Studies, Vapi and ROFEL trust for allowing me to carry out the research work in the college.
