Acknowledgements

I would like to express my sincere gratitude to my guide Dr. M.S. Latha for her constant encouragement, and the freedom she gave me for planning and execution of the project. I would like to acknowledge the services of Mr. Elyas K.K, Lecturer, School of Biotechnology, Cochin University of Science and Technology.

I would like to thank Dr.(Prof.) Shankar Shashidhar, Director School of Biosciences, M.G. University, for making available all the necessary facilities to execute the project and kindly forwarding the thesis.

I would like to express my sincere thanks to the services rendered by reputed personalities like Dr. Kalayesa Raj, Emeritus Scientist, ICMR; Dr. C.S. Pouluse, Director, School of Biotechnology, Cochin University of Science and Technology; Dr. Anita Siromani, Reader, School of Biotechnology, Madurai Kamaraj University; Dr. R. Vikraman Nair, Prof. in Agronomy, Kerala Agriculture University; Dr. Prasannakumar G, Lecturer, Department of Botany, NSS College, Mancheri; Mr. Madanan M.G and Mr. Pradeep C.G, Research scholars, Department of Biochemistry, Kerala University; Miss. Renuka T. R. and Miss. Pyroja, Research scholars, School of Biotechnology, Cochin University of Science and Technology.

Thanks are also due to Mr. Ramesh, Endocrinology and Immunology Lab, Eranakulam, Mr. Remo George, Radiologist, Modern Diagnostic Centre, Kottayam; M/s Modern Diagnostic Centre, Kottayam and M/s Mangalam Diagnostic Centre, Kottayam, for giving permission to use their laboratory facilities.

I am grateful to the staff of the libraries of Central Institute of Fisheries Technology, Cochin; Rubber Research Institute, Kottayam; Medical College, Thiruvananthapuram; Sree Chithira Thirunal Institute of Science and Technology, Thiruvananthapuram; Department of Biochemistry, Kerala University, Karivattom; Regional Cancer Centre, Thiruvananthapuram; College of Horticulture, Kerala Agriculture University, Vellanikkara, Thrissur; School of Biotechnology, Madurai Kamaraj University, Madurai and Indian Institute of Science, Bangalore. In this context, I would like to make my wholehearted indebtedness to the staff of the M.G. University library.

I would like to mention my thanks to the other faculty members and non-teaching staff for their kind cooperation.

Thanks are due to the Scheduled Caste Development Department, Kerala for providing financial support to carry out the research work.

Above all, I remember the sweet moments I shared with my friends in the Department. I am grateful to their wholehearted support and encouragement.

I appreciate with thanks the sincere efforts of Mr. Shibu of Minitek Computers to present the thesis beautifully.

Sinilal B.
