ACKNOWLEDGEMENT

I am deeply indebted to my guide, Dr. R. N. Dey, Reader, Department of Exercise Physiology, Lakshmibai National College of Physical Education for his constructive criticism of the manuscript, inspiring advice and constant encouragements throughout the period of my work.

The task of successfully completing the series of experiments planned could never have been accomplished without the encouragement, valuable guidance and support from Dr. B. S. Brar, my co-guide and Reader, Lakshmibai National College of Physical Education, Gwalior.

I am deeply grateful to Dr. N. N. Mall, Dean, Lakshmibai National College of Physical Education for providing me with an opportunity to work on this fascinating study.

I am also grateful to Dr. A. K. Uppal, Deputy Dean, Lakshmibai National College of Physical Education for his valuable suggestion and help throughout the period of my study.
I express my deep gratitude to Dr. T.G. Rajagopalan, Director of Students Welfare, Kerala Agricultural University, Trichur for his spontaneous help in going through the dissertation and making useful suggestions and his constant encouragements.

The research scholar is also very grateful to Mr. K.V.K. Reddy and Mr. Gopalkrishna Sharma, Research Assistants, L.N.C.P.E. Gwalior and also to Miss. Alka Dubey, Miss. Jayasree Acharya, Miss. Nirmala Antony and Mr. Manilal, M.Phil, scholars for the valuable assistance rendered for the collection of data.

The investigator is particularly indebted to Mr. T.R. Sebastian, Junior Programmer, Kerala Agricultural University for helping the research scholar with the computer programming.

The investigator acknowledges her special thanks to Miss. S. Regeena, Junior Assistant Professor,
College of Horticulture and Miss. Anee Mathew, Junior Programmer, Kerala Agricultural University, Computer cell for having checked the manuscript.

Heartful thanks are also extended to Dr. K.K. Singh, Principal, Mr. Bakshi and Mr. Sameer, Physical Education Teachers and the subjects from 11th and 12th standards of Scindia Vidyalaya, Gwalior Fort during the academic year 1985-86 for having cooperated with the research scholar to their utmost in data collection and in the administration of the treatment programme.

It would be wrong of the investigator and grossly dishonouring having referred to the many who have given her help, not to acknowledge the one who upholds and sustains life.

Manga, P.J.
