ACKNOWLEDGEMENTS

Expression fails to extend my overwhelming sense of gratitude, devotion and incontestable regards to my guide, Dr. A Q Khan, whose guidance, inspiring suggestions and refreshing encouragement enabled me to carry out my research work efficiently.

I express my indebtedness, especially to Dr. S B K. Muruthy, who extended his generous help and appreciations throughout, in ways too numerous to list. His constant encouragement and thought-provoking discussions enabled me to reach a better understanding of my subject.

I am specially grateful to Govt. Arts, Science And Commerce College, Durg, for having provided me with the precious opportunity of opting their college as a study centre. My thanks are due to the SCILET, Madurai, for facilitating access to information for the purpose of my thesis.

It's not literally possible to acknowledge all the sources of my knowledge and encouragement in my pursuit of doctoral thesis. I wish to extend my heart-felt thanks to my friends and well-wishers for their help during the period I was engaged on this work.

I cherish with gratitude the assistance extended by my enthusiastic and enterprising family, who made all arrangements to ensure the speedy progress.

Finally, I am specially in debt to the invaluable help, friendliness and refreshing encouragement of my enthusiastic husband Mr. Brijesh Nagara, and to my innocent son, Tapesh, who patiently and constantly provided me with strength at every step of my life.
