Acknowledgements

It is a great pleasure for me to express my sincere gratitude and respect to my teacher and guide, Dr. J. S. Yadav, Director, Indian Institute of Chemical Technology, Hyderabad for his expert and inspiring guidance. I proclaim my indebtedness to him for his constant encouragement along with the useful suggestions and constructive criticisms during the entire tenure of this work. I consider myself fortunate in that it would have been impossible to achieve this goal without his support and care.

I proffer my heartiest thanks to Dr. G. Sabitha, Senior Principal Scientist, IICT, Hyderabad for her helpful discussions and concrete suggestions during my research work.

I pay rich tribute to Prof. B. Kesava Rao, Head, Department of Chemistry, and Prof. B. Syama Sundar and other faculty of Acharya Nagarjuna University, Nagarjuna Nagar, Guntur, for kind help and offering me an opportunity of Ph. D programme in the University.

It gives me immense happiness to express my deepfelt gratitude to Sri. P. Laxmana Rao, chairman, Rasula chemicals and Dr. T.S.R. Prasada Rao, Ex-Director, IIP, Dehradun, who inspired me to join in research.

Words are not enough to express my thanks to my chemistry teacher Sri. Krishna sastri garu, who taught me ABCD s of chemistry. His blessings only have helped me in reaching this goal.

It is pleasant duty to express my sincere thanks to Dr. S. Chandra Sekhar, Head, Natural products chemistry division, IICT for his constant support throughout the period. I wish to thank in addition Dr. A. C. Kunwar, Dr. S. Raghavan, Dr. B.V.Subba Reddy, Dr. H. M. Meshram and Dr. Fednavis for their support and helpful discussions during this period.

I always feel fortunate to have colleagues like Dr. Venkata Reddy, Dr. Rajkumar, Dr. Shashi Kumar Reddy, Dr. Maruthi, Dr. Mallikarjuna Reddy, Dr. Swapna, Dr. Narjis, Dr. K. Bhaskar Reddy, Dr. Sudhakar, R. Srinivas, Dr. Gopal, Dr. Giri, Dr. Bhiksha Pathi, Dr. V. Bhaskar, Ch. Srinivas, Padmaja, Sambit, Sukant, S. S. S. Reddy, C. N. Reddy, Chandrashekar, A. S. Rao, Vasudeva Reddy,
Rammohan, Shankaraiah, Yugander, Raju, Murthy, Mahesh, Praveen, Sandeep and Prem Kumar who showered brotherly affection on me. Their unreserved help and constant encouragement will always be remembered.

I always feel thankful to have friends like Chantibabu, Sivaji, Yesu Prasad, Vijay, Giri Prasad, Srinivas, Narasimha, Gopal, Ratna Reddy, Raghavendra, Suresh, Gangadhar, Bhujangarao, Naga laxmi, Uma, Suma, Jyothirmayi, Megha, Animesh, Tapas and Vinod for their whole hearted co-operation during my research work.

At this moment of submission of my thesis, I express my deep indebtedness to my parents Sri. Gangadhara Rao, Smt. Veera Vanajakshi, and my brothers Laxmi Vara Prasad, Ramesh for their affectionate encouragement and co-operation during every part of my life. Without their constant support it would have been impossible for me to be where I am at present.

The thesis today is fruitful because I have been nurtured incessantly with moral support and encouragement since my childhood from my teachers and friends.

I am thankful to D. Krishna Rao for his excellent technical help.

I take this opportunity to express my thanks to spectroscopic and analytical divisions of the laboratory.

Financial assistance from Council of Scientific and Industrial Research (CSIR), New Delhi in the form of fellowship is gratefully acknowledged.

Finally, I thank director, IICT for allowing me to submit my work in the form of thesis.

-Nagendra Prasad Muddala
