ACKNOWLEDGEMENT

It is a moment of great delight to express my thoughts, to acknowledge the contributions made by different people in their special way to make the completion of this thesis possible.

I wish to acknowledge my immense gratitude to my Ph.D. supervisor Dr. M.K. Reddy for his expert guidance, support and constant encouragement. I feel blessed to get this opportunity to work with such a good teacher and trainer. His in-depth knowledge and insight into the subject has always made me realize and understand it in a better way.

Prof. S. K. Sopory has always been a source of inspiration and I consider my self-lucky to work under his supervision. I will always remain grateful to him for his constant support, suggestion and critical assessment of my work.

I thank Prof. V. S. Chauhan, Director, ICGEB, who gave me an opportunity to work at ICGEB. His support at various stages in the past few years is duly acknowledged.
