CHAPTERS

1. INTRODUCTION  1-32
1.1 Environmental Conservation: Differing views
1.2 The Role of State in Environmental Conservation
1.3 Global Effort in Wetland Conservation
1.4 Wetlands: Definition, Ecosystem and Types
1.5 Coastal Wetlands
1.6 Threats to wetlands in Sri Lanka
1.7 Chilika Wetland
1.8 Bundala Wetland
1.9 Wetlands literature
1.10 Chapters

2. ENVIRONMENTAL MANAGEMENT OF WETLANDS  33-68
2.1 Environmental management
2.2 Global environmental agency and major environmental programmes
2.3 Environmental concern in the developing countries
2.4 Environmental Resources
2.5 Wetland resources
2.6 Wetland resources and Ramsar Convention
2.7 Wetland ecosystem
2.8 Wetland management
2.9 Integrated water resource management approach to wetland conservation
2.10 Ecosystem approach to wetland conservation
2.11 South Asian wetlands
2.12 Wetlands of Sri Lanka
2.13 Wetlands of India

3. CHILIKA LAGOON: ECOSYSTEM, PROBLEMS AND MANAGEMENT

3.1 Geographical attributes
3.2 Biological features
3.3 Threats faced prior to intervention (integrated management by C.D.A.)
3.4 Management of Chilika lagoon
3.5 Impact of restoration effort
3.6 Political ecology aspect of conflict in the basin

4. BUNDALA LAGOON: ECOSYSTEM, PROBLEMS AND MANAGEMENT

4.1 Hydrology
4.2 Climate
4.3 Geology and geomorphology
4.4 Soils
4.5 Flora
4.6 Fauna
4.7 Community profile of Bundala national park
4.8 Threats to its environment
4.9 Management of Bundala
4.10 Political ecology synthesis of conflict in the basin
5. COMPARATIVE STUDY OF ENVIRONMENTAL MANAGEMENT OF BUNDALA AND CHILIKI WETLANDS

5.1 Need for wetland management
5.2 General principles of wetland management
5.3 Legal protection of wetlands in Sri Lanka
5.4 Legal protection of wetlands in India
5.5 Comparative analysis of Bundala and Chilika management
5.6 Wetland management plan
5.7 Analysis of the regional initiative in comparison to Ramsar guidelines
5.8 Multilateral Environmental Agreements (MEA) in Addressing Wetland Issues
5.9 Political ecology synthesis of conflict in the Chilika basin
5.10 Political ecology synthesis of conflict in the Bundala basin
5.11 Suggestions

6. CONCLUSION
