ACKNOWLEDGEMENTS

With the blessings of almighty, finally the time has come when my dream, ambitions come true. First of all, I bow my head before god for his endless blessings and giving me patience, encouragement, strength, confidence, ability to achieve this academic milestone.

Knowledge in itself is a continuous process. I would have never succeeded in completing my task without the cooperation, encouragement and help provided to me by various personalities.

Secondly, I would like to express my deep sense of gratitude and sincere thanks to my guide Dr. Kunal B. Modi, who provided a meaningful insight into the study and helped to understand the several concepts of physics. His inspiring guidance and consistent encouragement made this work in the present form.

I am truly grateful to Professor H. H. Joshi, Head, Department of Physics, Saurashtra University, Rajkot, for his kind support during this work. I am pleased to acknowledge the support received from Professors K. N. Iyer, B. J. Mehta, M. J. Joshi, H. P. Joshi and Dr. G. J. Baldha and Dr. J. A. Bhalodia.

I place on record thanks to my research colleagues and friends Dr. Kiran G. Saija, Dr. Vinay K. Lakhani, Dr. Nimish H. Vasoya, Mr. Tushar K. Pathak, Mr. Mitesh P. Pandya and Mr. Suraj J. Shah for their selfless and untiring co-operation during my thesis work.

I am thankful to Mr. Ashis Tanna and Mrs. Daxa Mehta for making my time cheerful during the laboratory work.

I wish to express my warm and sincere thanks to honorable Commissioner of Higher Education, Principal (Bahauddin Science College, Junagadh and Govt.
