Acknowledgements

The preparation of this manuscript has been a long and humbling experience. At the outset, I am grateful to many institutions, personalities and individuals of their help and valued support in the completion of my research work, which, I hope would be of some value to the society.

I acknowledge my deep sense of gratitude to my esteemed teacher and guide Dr. K. S. Wali, Professor, Department of Statistics, Gulbarga University, for his invaluable guidance and for having devoted a lot of his time and engaged himself in long and thought provoking discussions that have been of immense benefit to me. Though he is very busy with numerous activities, academic, spiritual and philosophical, he found time to encourage me with critical and creative thoughts. He has always been cheerful and it has ever been a matter of great joy for me to work with him throughout my research endeavour. His commitment to research, overwhelming support, and good counsel have been a constant source of strength and comfort to me. I am also thankful to the members of his family for their hospitality during my visits for academic discussions.

I owe my respects to Prof. C. P. S. Hunagund, Chairperson, Department of Statistics, Prof. S. S. Nayak and Dr. Sujatha Inginshetty, Department of Statistics, and all the faculty members of the Department of Statistic and Mathematics, Gulbarga University for their valuable advice and help. I express my thanks to the office staff for their timely assistance.

I acknowledge the help rendered by the software expert Dr. S. B. Javali, Associate Professor, K.L.E. Universities, Department of Epidemiology and Bio-Statistics, Belagavi.

It is impossible to acknowledge all those who contributed in one way or the other to this effort. But certainly the names that quickly come to my mind are Dr. C. M. Math, Associate Professor in Statistics, K.L.E. Society’s G. H. College, Haveri, and Dr. Nagaraj V. Gudagannavar, Associate Professor in Statistics, Anjuman Degree College, Dharwad, I am grateful to each one of these personalities.

I owe my gratitude to Dr. B. M. Nuchhi, Principal and all the Colleagues of BLDEA’s Smt. Bangaramma Sajjan, Arts and Commerce College for Women, Bijapur for their help, cooperation and encouragement.
I respectfully dedicate this research work to my elder brother **Shri. G. M. Mujavar**, Catering Manager, Sandur Residential College, Sandur for his ordent belief in me. He has supported and motivated in this endure. It was his firm belief and blessings that had made this work (study) possible.

I will be failing in my duty if I do not mention the help, co-operation and encouragement given by my family members.

I express deep gratitude and special thanks to **Vinay Computer, Dharwad** and M. B. Rajshekhar **M/s. Suman Computers, Jaynagar, Gulbarga**, for the excellent typing work of thesis.
