ACKNOWLEDGEMENTS

The researcher extends his deepest appreciation to the members of the Research Degree Committee of Jiwaji University, Gwalior, for the critical examination of scholar's ability to undertake the study.

The investigator is highly indebted to Dr. A.K. Uppal, Dean, Lakshmibai National College of Physical Education, Gwalior, for his valuable suggestions, inspiration and encouragement in carrying out this study successfully.

The research scholar wishes to acknowledge his gratitude to Dr. Ajmer Singh, former Dean, Lakshmibai National College of Physical Education, Gwalior, for providing him an opportunity to work on this study.

Words are inadequate to express the gratitude the scholar owes to Dr. Rajender Singh, Director, Physical Education, Jiwaji University, Gwalior, for acting as Supervisor of this study, for his keen interest and enthusiasm, scholarly approach, creative suggestions, reflective thinking and deep insight. The present thesis would not have seen the light of the day but for the invaluable services rendered by Dr. Rajender Singh.

(viii)
Sincere thanks and appreciation are expressed to Dr. G.D. Ghai, Lakshmibai National College of Physical Education, Gwalior, Shri D.P. Sharma, D.A.V. Centenary College, Faridabad, and Dr. Jacob George, Christ College, Kerala for their constructive suggestions, and to the Librarian, and other members of the staff thereof.

The writer of the thesis records his appreciation to his colleagues Lalit Sharma, B.C. Kapri, Yogender Singh, and Raj Kumar Singh, Lecturers, Mahananda Mission Harijan College, Ghaziabad, for their kind help in the collection of data.

Deep sense of gratitude is also due to Dr. P.C. Sharma, Senior Lecturer, M.M.H. College, Ghaziabad, U.P. for helping the research scholar in checking and finalising the manuscript.

Heart felt thanks are conveyed to all the students of B.Sc. Physical Education Ist, IIInd and IIInd batches of M.M.H. College, Ghaziabad, who eagerly and enthusiastically acted as the subjects for this study.

The scholar is also indebted to the Principal, Dr. B.B. Singh, M.M.H. College, Ghaziabad for extending his whole-hearted co-operation.
Special recognition and sincere thanks are extended to the research scholar's wife Mamta for her patience, understanding, and encouragement throughout the course of study. The present research work would not have been possible without the presence of the researcher's parent's love and blessings.

D.R.Y.
