LIST OF TABLES

Table

1.1 Levels of Retardation Determined by IQ Range 41

3.1 Coefficient of Correlation for Tester Reliability on Motor Performance and Fitness Variables 83

3.2 Test-Retest Reliability Coefficient of Tests of Motor Performance and Fitness Variables 85

3.3 Coefficient of Correlation for Subjects Reliability on Motor Performance and Fitness Variables 87

4.1 Analysis of Covariance (ANCOVA) of Pre and Post Tests of the Experimental and Control groups for Motor Performance of Educable Mentally Retarded Children 120

4.2 Means and Standard Error of Pre and Post Tests of the Experimental and Control groups for Motor Performance of Educable Mentally Retarded Children 123

4.3 Analysis of Covariance (ANCOVA) of Pre and Post Tests of the Experimental and Control groups for Motor Performance of Trainable Mentally Retarded Children 135

4.4 Means and Standard Error Pre and Post Tests of the Experimental and Control groups for Motor Performance Trainable Mentally Retarded Children 138
LIST OF TABLES (Contd.)

4.5 Analysis of Covariance (ANCOVA) of Pre and Post Tests of Experimental and Control groups for Fitness Status of Educable Mentally Retarded Children 150

4.6 Means and Standard Error of Pre and Post Tests of Experimental and Control groups for Fitness Status of Educable Mentally Retarded Children 152

4.7 Analysis of Covariance (ANCOVA) of Pre and Post Tests of Experimental and Control groups for Fitness Status of Trainable Mentally Retarded Children 160

4.8 Means and Standard Error of Pre and Post Tests of Experimental and Control groups for Fitness Status of Trainable Mentally Retarded Children 162
