Chapter-1: Introduction

1.1 Introduction

1.2.1 The Concept of Gender Inequity
1.2.2 Why Study the Gender Gap?
1.2.3 Gender Bias in Child Health in India
1.2.4 Gender Bias in Child Health in India—The Present Scenario
1.2.5 Gender Bias in Child Health in India—Determinants and Regional Perspective
1.2.6 Determinants of Gender Bias in Child Health in India
1.3 Objective and Research Questions
1.4 Data and Methodology
1.5 Significance of the Study

Chapter-2: Evidence of Gender Gap in Health-seeking Behaviour for Children in India

2.1 Introduction

2.2 Evidence of Gender Gap in Health-seeking Behaviour
   2.2.1 Gender Gap in Preventive Health Care—Childhood Immunisation
   2.2.2 Gender Gap in Curative Health Care
      2.2.2.1 Gender Gap in Childhood Diarrhoea
      2.2.2.2 Gender Gap in Childhood Fever/Cough
   2.2.3 Gender Gap in Feeding Practice—Childhood Breastfeeding

2.3 Concluding Remarks

Chapter-3: Evidence of Gender Gap in Health Outcome for Children in India

3.1 Introduction

3.2 Evidence of Gender Gap in Health Outcome
   3.2.1 Gender Gap in Childhood Malnutrition
   3.2.2 Gender Gap in Mortality
3.2.2.1 Gender Gap in Post-neonatal Mortality
3.2.2.2 Gender Gap in Child Mortality

3.3 Concluding Remarks

Chapter-4: Pattern of Gender Gap in Child Health in India 70-106
4.1 Introduction
4.2 State-wise Pattern of Gender Gap in Child Health in India
   4.2.1 Methodology
   4.2.2 Analysis and Results
      4.2.2.1 Borda Rule
      4.2.2.2 Principal Component Analysis
   4.2.3 Conclusion
4.3 Regional Pattern of Gender Gap in Child Health in India
   4.3.1 Methodology
   4.3.2 Analysis and Results
      4.3.2.1 Borda Rule
      4.3.2.2 Principal Component Analysis
   4.3.3 Conclusion
4.4 Pattern of Gender Gap in Infant Mortality in India—Evidence from NFHS and SRS Data
   4.4.1 Data and Methodology
   4.4.2 Analysis and Results
      4.4.2.1 Pattern of Gender Bias in Infant Mortality
      4.4.2.2 Pattern of Infant Mortality for Girl Children
   4.4.3 Conclusion
4.5 Concluding Remarks

Chapter-5: Impact of Gender Gap in Health-seeking Behaviour on Gender Gap in Health Outcome 107-114
5.1 Introduction
5.2 Relationship between Gender Gap in Health-seeking Behaviour and Gender Gap in Health Outcome
5.3 Relationship between Health-seeking Behaviour and Health Outcome for Girl Children’s Health Achievement
5.4 Concluding Remarks
Chapter-6: Determinants of Gender Gap in Child Health in India

6.1 Introduction

6.2 Methodology

6.3 Data and Variables

6.4 Analyses and Results

6.4.1 Determinants of Full Immunisation for Girl Children

6.4.1.1 Determinants of Full Immunisation for Girl Children in India

6.4.1.2 Determinants of Full Immunisation for Girl Children in Rural India

6.4.1.3 Demographic Factors of Full Immunisation for Girl Children in India

6.4.1.4 Socioeconomic Factors of Full Immunisation for Girl Children in India

6.4.2 Determinants of Medical Treatment in Diarrhoea for Girl Children

6.4.2.1 Determinants of Medical Treatment in Diarrhoea for Girl Children in India

6.4.2.2 Determinants of Medical Treatment in Diarrhoea for Girl Children in Rural India

6.4.2.3 Demographic Factors of Medical Treatment in Diarrhoea for Girl Children in India

6.4.2.4 Socioeconomic Factors of Medical Treatment in Diarrhoea for Girl Children in India

6.4.3 Determinants of Medical Treatment in Fever/ Cough for Girl Children

6.4.3.1 Determinants of Medical Treatment in Fever/ Cough for Girl Children in India

6.4.3.2 Determinants of Medical Treatment in Fever/ Cough for Girl Children in Rural India

6.4.3.3 Demographic Factors of Medical Treatment in Fever/ Cough for Girl Children in India

6.4.3.4 Socioeconomic Factors of Medical Treatment in Fever/ Cough for Girl Children in India

6.4.4 Determinants of Breastfeeding for Girl Children

6.4.4.1 Determinants of Breastfeeding for Girl Children in India

6.4.4.2 Determinants of Breastfeeding for Girl Children in Rural India

6.4.4.3 Demographic Factors of Breastfeeding for Girl Children in India

6.4.4.4 Socioeconomic Factors of Breastfeeding for Girl Children in India

6.4.5 Determinants of Malnutrition for Girl Children

6.4.5.1 Determinants of Malnutrition for Girl Children in India

6.4.5.2 Determinants of Malnutrition for Girl Children in Rural India

6.4.5.3 Demographic Factors of Malnutrition for Girl Children in India

6.4.5.4 Socioeconomic Factors of Malnutrition for Girl Children in India

6.4.6 Determinants of Child Mortality for Girl Children

6.4.6.1 Determinants of Mortality for Girl Children in India

6.4.6.2 Determinants of Mortality for Girl Children in Rural India

6.4.6.3 Demographic Factors of Mortality for Girl Children in India

6.4.6.4 Socioeconomic Factors of Mortality for Girl Children in India

6.5 Concluding Remarks
Chapter-7: Conclusion and Policy Discussion

7.1 Objectives of this Study
7.2 Summary of Results
7.3 Emerging Policy Issues
7.4 Discussion of Gender-blind Health Policy in India
7.5 Limitations of the Study
7.6 Concluding Remarks
