Herein, I wish to transmit my immense and unfathomable gratitude to my guide Dr. Anil Chatterji, Scientist and Assistant Director, Biological Oceanography, National Institute of Oceanography, Dona-Paula, Goa, for his meticulous guidance, detailed encouragement, comprehensive positive criticism during my entire programme that has made this work to see the light of the day.

My profound thanks to Dr. E. Desa, Distinguished Director, National Institute of Oceanography, Dona-Paula, Goa, for making me see the true light and dimension to carry out this task. This work has undergone toute the roses, thorns and thistles of life through the able guidance of our Director, I was pointly focussed towards roses.

Dr. A. C. Achuthankutty, Project Leader, Mission Mode Programme on Shrimp and Aquaculture, looked on at the needed times. The help by Dr. A. H. Parulekar, Dr. A. G. Untawale, and Dr. S. G. Goswami, Dy. Director's, National Institute of Oceanography, Dona-Paula, Goa, cannot be left out of memory. Each one of them sprayed this work with their own mite.
I express my profound thanks to the catalyst to my work, namely all the personnel in the Aquaculture lab., especially Shri K. Tari, Shri D. Gawas, and Shri S. Shirodkar require a special mention in easing life for me in my practicals. Mr. M. Hussian, JTA, was effective in a direct yet a remote controlled way.

Mrs. Lucy Mendes helped me to mount the facts and the figures which go to present the data. Mrs. Vibha Sawant, Miss Chhaya Pednekar, Miss Vibhavari Kenkre, Mrs. Sanghamitra Das, Miss Subhashree Choudhury, Mr. R. A. Sreepada, Mr. Ulhas Desai and Mr. Prasad Phatarpekar for their help during this period.

My unfailing thanks reach out to Mr. A. Mascarenhas. Mr. T. Suressh and Mr. S. Khedekar, MICD, National Institute of Oceanography, Dona-Paula, Goa, who designed and styled my work. This work cannot go through without rendering a million thanks to Dr, Anil A. C. Scientist and Shri K. Venkat, MCMRD, National Institute of Oceanography, Dona-Paula, Goa, for their specific accurate neat and high tech computer work with top suggestions.

Dr. Z. A. Ansari, Dr.X. N. Verlencar, Scientists, National Institute of Oceanography, Dona-Paula, Goa, and Dr. Y. Modassir, Head of Zoology, Dhempe college of Art and
Sciences, Panaji, Goa, for a supervisory eye and constant vigilance for this work.

A big thank you to Mrs. Vilma D’ Mello for providing me the necessary comfort and atmosphere for a study situation.

I wish to thank Shri M. P. Tapaswi, Mrs. S. H. Oka and the library staff of the National Institute of Oceanography, Dona-Paula Goa, for their timely assistance. Thanks to Shri H. D. Punj and Shri R. Uchil who channelized graphics and Shri U. S. Sirsat and Shri Sheikh Ali Karim, for the illustrious photo-shots. A warm thank you to Miss Sandra Lobo, clerk, Marine Science Department, Goa University, Goa and Mr. Ivan Paes of Benaulim Prawn Hatchery, Goa for doing the needed at the required time.

My sincere thanks to the Department Of Biotechnology, New Delhi for the financial assistance given to me to pursue my work.

I unfurled my gratitude to all my friends and well wishers whose smile, put a positive word and some effort to brighten my days during my working condition at the National Institute of Oceanography, Dona-Paula. Goa.
This work might have not being up to the mark had it not been for the support, encouragement and effort of my parents, Mrs. Elsa and Mr. Bruno Saldanha, my brother, Dr. Egbert Saldanha, my uncles Fr. Carlos Vaz, and Mr. Mario Vaz and my cousin Florinda Pereira who help me to deep my pen in ink. May be with all my limitation I might have forgotten a kind and friendly person within my circle of colleague and friends, I excuse myself for it and thank each and everyone even though unmentioned in a big way.

Finally I record my immense and immeasurable gratitude to the Almighty Omnipotent for giving me the gift of life with calibre to work and contribute in a humble way to His Universe.

Christina M. Saldanha
