ACKNOWLEDGEMENTS

I sincerely express my full sense of gratitude to my guide and teacher Dr. N.J. Chinoy, Head, Department of Zoology and Director, School of Sciences, Gujarat University, Ahmedabad for familiarising me to this field of research and for her efficient guidance and constant encouragement throughout this research work.

Thanks are also due to Dr. M.V. Rao, Reader, Department of Zoology, Gujarat University, Ahmedabad for his ready help and valuable advice throughout the tenure of my work.

A very special note of thanks is extended to Dr. H.N. Highland, Lecturer, Department of Zoology, Gujarat University, Ahmedabad, who has taken a very keen interest and guided me from the start. I am indeed thankful for her ever willing help, constructive criticism, stimulating discussions and constant encouragement which has helped in a large part to complete my work successfully.

I also owe my gratitude to Dr. G.J. Banker, M.D., Dr. G.H. Shah, M.D. and Dr. N.G. Shah, who have helped in the examination and diagnosis of patients. The kind help and cooperation by Dr. Linz Buoy George is also duly acknowledged. I would also like to express my sincere thanks to Mr. Nambiar who has very patiently and painstakingly typed out this thesis.

The financial assistance by the award of Project Assistant by UGC/DSA and later Senior Research Fellowship (SRF), CSIR, New Delhi during the tenure of my work are duly acknowledged.

I would like to mention a very special note of thanks to Dr. Vincent.
Braganza, Lecturer, St. Xavier's College and Director, Grace Braganza Research Institute, Ahmedabad, who has been instrumental in tapping my resources and initiating me into the field of research. He has been a tremendous source of inspiration and a constant source of encouragement which was the impetus for this piece of research work.

I thank all my colleagues, Dr. Mathews Michael, Dr. Roy K. George, Dr. Sandhya Phatak, Mr. V. Barot, Ms. Dhruva Patel, Ms. Shrobona Bhattacharya, Ms. Shilpa Ghosh, Ms. Sunita Chawla, Ms. Amita Walimbe and especially Ms. Harsha Joshi who have all helped me a great deal in one way or the other and for their ready help and cooperation all through. I also thank my friend Mrs. Nilima Sinha and her parents and family who welcomed me into their home and hearts and gave me a home away from home and for their love and affection and moral support during my trying times. I would also like to thank all my near and dear ones who have stood by me and helped me cope up with the long gruelling times of my research work.

And most of all, I thank my loving parents and brother who have always encouraged me and stood by me throughout the tenure of my work. I take this opportunity, especially to thank my father because, I believe that ultimately, it was the strength of his faith in my ability that really saw me through this research work successfully.
