Acknowledgements

I sincerely thank my supervisor Prof. H. P. Singh, for his invaluable support, encouragement, supervision and useful suggestions throughout this research work. Working with him has been a pleasant and richly rewarding experience. Apart from the research guidance I also learn a lot from him that will guide me through different stages of my life. I express my gratitude to Dr. Awadhesh Prasad, the co-supervisor of my thesis, for guiding me throughout the course of this work. He has been a source of inspiration and encouragement.

I thank the Head, Department of Physics & Astrophysics for providing research facilities including the computer lab. Thanks are also due to advisory committee members Dr. Anjan Datta and Prof. T. R. Seshadri for their encouragement and guidance. I also express my sincere thanks to Ajay, Bharti, Disha, Garima, Itty, Kaushal, Kaustobh, Kopal, Manish, Parth, Pooja, Pooja Saxena, Poonam, Pradeep, Priyanka, Ritika, Ritu, Santhust, Shalini, Shewta, Shruti, Sonali, Sukanto, Varun and Yogesh with whom I enjoyed my Ph.D. days.

Financial grant from the Council for Scientific and Industrial Research (CSIR), India in terms of research fellowship is gratefully acknowledged. Library facility provided by Central Science Library is deeply acknowledged.

I am indebted to all the people who have helped me through the course of my journey towards completing this Ph.D. thesis. Finally, this thesis would not have been possible without the confidence, endurance and support of my family. I express my thanks to my family.
