ACKNOWLEDGEMENTS

I would like to express my deepest sense of gratitude to my supervisor Dr. (Mrs.) Renu Arora, Associate Professor, Department of Resource Management, Institute of Home Economics, University of Delhi, who offered her continuous advice and encouragement throughout the course of this thesis. I thank her for the systematic guidance and great efforts.

I am highly indebted to Dr. Anupa Siddhu for her valuable suggestions and for being an inspiration which made me motivated.

I would also like to thank Dr. (Mrs.) Kumud Khanna, Former Director, Institute of Home Economics, University of Delhi and my Research Advisors Dr. (Mrs.) Seema Puri, Associate Professor, Department of Foods and Nutrition, Institute of Home Economics, University of Delhi, and Professor L.K Das, Retd. Faculty, Industrial Design Department, IIT Delhi for their encouragement, insightful comments, and valuable suggestions.

I especially acknowledge the support and encouragement of Dr. Ranjana Mahana, Director, Institute of Home Economics, to overcome each and every difficulty I met during the course of this thesis.

I would like to extend my gratitude to Mr. Rashid Wakil, Statistician, who helped me during analysis of my data. There are no words to express my deep sense of gratitude towards all the respondents of my study, for their co-operation in collection of data, without which completing this research was impossible. I express my sincere thanks to the school’s authorities for permitting me to collect data in the school premises. We are thankful to U.G.C. for providing necessary finance for the project. I am thankful to Dr. Shweta Rathi (Research Associate) for helping in compilation and analysis of data.

At this juncture, I think of my family members and children whose selfless sacrificial life and their great efforts with pain and tears and unceasing prayers have enabled me to reach the present position in life.
Finally, I take this opportunity to express the profound gratitude from my deep heart to Dr. Arti Nigam, Ms. Pratima Singh and my other colleagues for providing special assistance in my work.

I would like to express my admiration for my friends and relatives for their love, constant encouragement, endless motivation and support. This thesis would not have been possible without the guidance and the help of several individuals who in one way or another contributed and extended their valuable assistance in the preparation and completion of this study.

Last but not the least, I also wish to thank Almighty for his blessings.
