Chapter 2, Rational and Problem

2.1. Contradictory Findings Regarding Developmental Pattern of HU
2.2. Socio-Cultural Factors in Shaping HU Not Adequately Taken Up
2.3. The Culture Specific Notions of History and Remain Unexplored

The Present Study

Chapter 3, Study I

3.1. Objectives
3.2. Hypothesis
3.3. Method
Sample
Tool Used
The Test of Historical Understanding
Interviews
Pilot study
Procedure
Analysis Framework

3.4. Results and Analysis
3.5 Dimension wise Analysis Results on HU Test

Temporality
1) Awareness of difference between present and past
2) Linking History to chronology

Causality
1) Relating Social Forces to an Event
2) Critical and Comparative Analysis

Methodology:
1) Imagination
2) Perspective taking
3) Search for Patterns and Regularities
4) Drawing Abstract Concepts and Information from Concrete Objects/Events

Understanding the historian’s Job
1) Understanding and Analyzing Sources Used in Historical Analysis
2) Understanding History as an Interaction Between Historian and His/Her Facts
3.6 Children's Idea of History and Past

3.6.1 Children's Understanding of History Versus Past

3.6.2. Awareness of Changes in the Dynamics of the Society

3.6.3. The Sources of Information about Past

Chapter 4, Study II

Objective 178
Hypothesis 179

4.1 Method 180

4.1.1. Sample 180
4.1.2. Procedure 182
4.1.3. Analysis 183

4.2. Results: The Notion of Past among Santali Adults 184

4.2.1. Past as a Part of Community's Life Style 184
4.2.2. Immense Faith in Past 187
4.2.3. Sense of Community History 189
4.2.4. Magical Belief: An Integral Part of Historical Belief 191
4.2.5. Schooling and Notions of History 193

Chapter 5, Discussion And Conclusion

5.1. Development Pattern for the Dimensions of HU 200

5.1.1. Dimensions Showing Early Development (Between 9-12-Years of Age) 200
5.1.2. Dimensions Showing Late Development (Appearing by 13-14-years of age) 204
5.1.3. Dimensions Showing Cultural Differences on Test Performance 208

5.2. Children's Notion of Past: Informed by its Cultural representation 211

5.3. Adults' Notion of Past: Culture Specific features mediated by levels of schooling 215

5.4. Factors Influencing Historical Understanding:

   Cognitive Development, Classroom Teaching and Social Representation of History 219

Summing up: The Developmental Pattern of Historical Understanding across Two Cultural Groups 221

Conclusion 224
