ACKNOWLEDGEMENT

I owe my sincere gratitude to my guide, Prof. D. J. Bhat, Head, Department of Botany, Goa University, for introducing me towards mycology and giving his entire support, encouragement throughout this study.

I am thankful to all my teachers, Drs. P.K. Sharma, M.K. Janarthanam, B. F. Rodrigues, Mrs. Vijaya Kerkar, S. Krishnan and Nandkumar Kamat, in the Department of Botany. I am also thankful to the non-teaching staff in the Department for their cooperation.

I am indebted to Dr. R.N.S. Sundaram, Scientist, I.C.A.R., Old Goa, for help in conducting chemical analyses of the samples. I sincerely thank Drs. R.V. Pai, Lecturer Department of Physics, A. Jayanthan, Department of Mathematics and M. K. Janarthanam, Department of Botany for assisting with statistical analysis. I am thankful to Dr. S.K. Krishnan, Department of Botany, for photomicrography.

I am grateful to Drs. Chandralata Raghukumar and S. Raghukumar, Scientists at the National Institute of Oceanography, Goa, for their valuable suggestions from time to time.

I thank the Department of Science and Technology and Council for Scientific and Industrial Research, New Delhi, for providing me with research fellowship during the tenure of this work. I am grateful to Goa University for providing all facilities.

I am thankful in no small measure to my fellow research scholars-Dr. S.K. Singh, Keshav, Dr. Miriam, Kala, Asha, Pratibha, Harshala and Asavari for their continued help and assistance. I thank Mr. Romeo Viegas for help in printing and my cousin Audrey for her help in many ways.

Lastly and above all, I am indebted to my parents and brother for their encouragement, ceaseless help and constant support.
