LIST OF TABLE

Table 1.1 Mangrove ecosystems of India 4
Table 2.1 Values of $\delta^{15}$N (%) for nitrogen (N) source inputs 21
Table 2.2 Major sources of Sterols and Triterpenol 26
Table 2.3 Rate of sedimentation in various coastal ecosystems across the globe based on $^{210}$Pb (and $^{137}$Cs) dating 30
Table 3.1 Distribution of areas in mangrove and other land-use categories (km$^2$) in Pichavaram mangrove estuarine complex from 1970 to 1998 38
Table 4.1.1 Salinity and DOC concentration in pore water, and sedimentary OM characteristics (LOI%, N$_{org}$%, C$_{org}$%, H$_{org}$%, C/N$_{atm}$, H$_{org}$/C$_{org}$, Chl a, Chl b, total carotenoid, and humification ratios) 48
Table 4.1.2 Factor analysis scores following varimax rotation for physical and geochemical parameters in mangrove sediments 62
Table 4.1.3 Factor analysis scores following varimax rotation for physical and geochemical parameters in estuarine sediments 63
Table 4.2.1 N$_{tot}$%, C$_{org}$%, $\delta^{13}$C$_{org}$, $\delta^{15}$N$_{org}$ and C/N$_{atm}$ in Pichavaram mangrove estuarine sediments 71
Table 4.2.2 $\delta^{13}$C and $\delta^{15}$N values of various estuarine and mangrove ecosystem from published literature. 76
Table 4.3.1 n-Alkanes, n-alkanols, sterols, and triterpenols in Pichavaram mangrove estuarine sediments 87
Table 4.3.2 Factor analysis scores following varimax rotation for major n-alkanols, sterols, and triterpenols in mangrove sediment cores 96
Table 4.3.3 Factor analysis scores following varimax rotation for major n-alkanols, sterols, and triterpenols in estuarine sediment cores 97
Table 4.4.1 Average PAHs and OC concentration in the Pichavaram mangrove-estuarine sediments 99
Table 4.4.2 $\Sigma$PAHs in the Pichavaram sediments in comparison with other published data from mangrove and estuaries 103
Table 4.4.3 Factor analysis of PAHs in mangrove-estuarine sediments 106
