Acknowledgement

I am extremely delighted on having this opportunity of expressing my warm and profound sense of gratitude towards my guide Prof. R. D. Mulia, Former Head, Department of Education, Gujarat University, Ahmedabad, who had given initial inspiration, subsequent encouragement and constant matured guidance to me to complete the research study.

I am indebted to Shri Bharat Upadhyay, Former Reader, GCERT and Dr. T. S. Joshi, Principal, DIET - Gandhinagar for giving me support, inspiration and motivation for this research study.

This work would not have been possible without the help and kind support of the Director, GCERT and all the authorities, colloques and staff of GCERT, I am also thankful to all.

I also express my gratitude to Kadi Sarva VishwaVidhyalay, Gandhinagar for providing me all the possible facilities needed during the course of my research work.

Word can hardly express my indebtedness towards my dearest sisters Bhaktida & Shraddha and my kith & kins for their affectionate support and encouragement extended to me.

I bow before the Almighty for His kindness to provide me strength to overcome all the obstacles during this study.

Again I express sincere thanks to all who helped me in this endeavor in by one way or another.
