ACKNOWLEDGEMENTS

First and foremost I give thanks to **ALMIGHTY GOD** who was always there for me, answering my prayers, giving me strength to go on despite of my constitution wanting to give up. It is because of his unconditional love, mercy, compassion, blessings and grace that I am as I am today. Thank you so much **LORD**.

I express my deep sense of gratitude and indebtedness with profound reverence to my Major Advisor **Dr. V.K. Gandotra**, Professor cum Head, Department of Veterinary Gynaecology and Obstetrics, GADVASU, Ludhiana for his meticulous and sagacious guidance, constant supervision, sympathetic encouragement, constructive criticism and ever willing help throughout the course of this investigation as well as in the preparation of this manuscript. I will always remain indebted to him for his untiring effort in successful completion of this investigation.

I owe my deepest gratitude to **Dr. Parkash Singh Brar**, Professor, Department of Veterinary Gynaecology and Obstetrics for his judicial and technical guidance and suggestion, unstinted interest, incessant encouragement. His deep knowledge of the subject and sense of dedication besides polite and good nature encourages a student’s under lying factors which will be a part of my memory forever.

I convey my sincere thanks to **Dr. Rajesh Jindal**, Professor, Department of Veterinary Physiology and Biochemistry, member of Advisory committee and **Dr. S.P.S. Ghuman**, Associate Professor, Department of Veterinary Gynaecology and Obstetrics, Dean PGS nominee, for their encouraging attitude, kind counseling and timely help throughout the period of study.

Lexicon falls short of words for **Dr. A.K. Singh**, Assistant Professor, Department of Veterinary Gynaecology and Obstetrics for his dexterous guidance, considerate behavior, valuable suggestion and selfless help during the course of investigation. I am grateful to **Dr. Prakhad Singh**, Associate Professor, Animal Breeding and Genetics for his resolute and meticulous supervision during the period of study.

I own my profound thanks to **Dr. G.S. Dhaliwal**, (late) **Dr. Jagir Singh**, **Dr. V.K. Singla**, **Dr. Ajeet Kumar**, **Dr. Honparkhe**, **Dr. Ranjana Cheema**, **Dr. P.S. Mavi**, faculty members of Department of Veterinary Gynaecology and Obstetrics for their cooperation and valuable advice related to my work. I am also thankful to **Dr. S.K. Uppal**, Professor Department of Veterinary Clinics for allowing me to avail the facilities in Clinical Diagnostic Laboratory. I am also thankful to **Dr. B.K. Bansal** and **Dr. Diraj Gupta** for their help. I have been fortune in getting the kind cooperation and intrinsic help from **Dr. Neelam Bansal**, Professor cum Head, Department of Anatomy, **Dr. S. K. Sharma**, Professor, Department of Pharmacology and Toxicology whom I am deeply indebted.

I cannot weight my feelings with words for my dearest senior **Dr. Namita Mitra** for her motivation, never ending encouragement and moral support.

I shall be failing in my duties if I do not thank my seniors **Dr(s). Venkanagouda, Bufaquito, Navneet Kaur, Karuna Devi, Calthazuali, Rahila Khan** my colleagues **Dr. Gousia, Dr. Magsood** and my juniors **Dr(s) Emy, Gh Rasool, Upasna, Suiding Hinglak** who cheered me up in
the moments of despair and provided me constant encouragement to move forward. Research work was made easy by cheerful and nice company of my juniors Aseno, Unikali, Nancy and Soya.

Mere words of acknowledgement will never convey my sense of appreciation for my lovely friends Dr(s) Sashitola, Harleen, Shalini, Shobhna, Deepti for their enduring presence ceaseless, inspiration, support, never ending encouragement and never letting me feel away from home. My special thanks are due to Dr. Parampal Singh for his help during the investigation.

I extend my heartfelt thanks to my friends Jessie, Heimon, Evan, Imti, Michael, Jubeda, Lahun and Bishar for elated my spirit whenever the clouds of gloom overshadowed, stood by me like a pillar of strength and motivation. I feel privileged to have friends as good as them.

I owe my thanks to Brother John, Aunt Cathrine and their family for their spiritual support, silent prayers and encouragement during my stay at GADVASU.

Thanks are due to Er. Dinsha, owner of the "Repha Buffaloe centre" for allowing me to work at his farm. And my special thanks to Dr. Gajinder and farms attendants for their help and cooperation during my study at the farm.

I am also thankful to the non-teaching staff and laboratory staff of the Department for their cooperative attitude. My Special thanks goes to Mr. Kewal Singh and Mr Harpal Singh for their help and cooperation in sample collection.

I find no words complementary enough to express my veneration towards my Parents, my ever replenishing source of strength and encouragement, for their silent prayers, selfless sacrifices and loving emotions during my entire academic life. This piece of work is meager token of love towards them for the blessings, moral support and the inspiration they gave and all they did for me. The unbound affection of my Sisters Pura phawa, Chisad phawa, brothers Dachange, Rainbow and my relatives who always cared for my happiness, cannot be acknowledged by mere words. The adoration and affection of my sweet little niece and nephews have been a source of immense strength that goes beyond expression.

Last but not the least I would like to express my gratitude to all who have helped, guided and support me in one way or the other but have been inadvertently left out because all may not have been mentioned but none have been forgotten.

Ludhiana
