ACKNOWLEDGEMENT

I sincerely thank Dr. Raj K. Bhatnagar, my supervisor, for providing me an opportunity to work in his lab. I am extremely grateful to him for his excellent guidance and constant encouragement throughout the study and in the preparation of this manuscript.

It is a great privilege for me to express my gratitude to Dr. Rajagopal Raman, my co-supervisor for his keen interest in this work and preparation of thesis, his timely suggestions, constructive criticism and especially for his care and concern in all respect.

I extend my warm gratitude to the Director, Prof. V.S. Chauhan for providing me an opportunity to work at ICGEB.

I am thankful to Dr. Pawan Malhotra, Dr. Sunil Kumar Mukherjee, Dr. Siva Reddy, Dr. Nirupama Bhatnagar, Dr. Nirupam Roy Choudhary, Dr. Leelavathi for their help in various phases of the work. I am also thankful to Dr. Suresh Nair for teaching practical expertise to me. I am especially thankful to Dr. Sam for his help and discussion about the work and career. I am thankful to Dr. Subramaniam, IARI for his practical guidance in insect rearing and other things. I extend my warm gratitude to my M.Sc. supervisor, Dr. P. Balasubramanian, for his confidence in me and encouragement.

I am grateful to my past and present labmates for their help in various ways. I am extremely thankful to Sivakumar sir for teaching me insect rearing and motivation in many ways; to Venkatesh for helping me in doing enzyme assays; to Neema for teaching molecular techniques in an explicit way; to Abhishek in helping me in ELISA and microscopy. I am thankful to Preeti for her encouragement and good company and Ravinder, Janneth, Mohan, Jitu, Harish, Shashi, Gali, Gayatri, Naresh, Anil, Mukesh, Patricia, Saad, Aasha for their help and cooperation in many ways.

I also wish to extend my warm gratitude to other friends in ICGEB, Amit, Vijay and others who has helped me in providing research materials in time of need. I am grateful to Prakashji for his help and especially to Rajinder for maintaining the insects for me with a great care.

I am thankful to my batchmates, Ramesh, Pradipto, Hattem, Gita Ram, Nasir, Giang, Ashish, Kulbhushan, Kartik, Rachna and Prakash for their help at various times whether it is for chemical or for technical help. I am thankful to my room mates especially Shilpa for creating a lively environment in the room. I am equally thankful to all my friends in ICGEB, especially Sangi and Vaishnavi.

I am very thankful to Satheesh, for reading the thesis and giving valuable suggestions for betterment. I am thankful to my friends in IARI, especially Ramesh Babu for providing insects whenever I needed and his concern at all times.

I am indebted to Gowtham anna, who has made me to develop interest in the subject and boosting me up during my difficult times and for lot many things. I am extremely grateful to Sekhar anna, Selvi akka and Malathi for their care, concern and counsel during the course of study and life.

I extend my warm gratitude to my friends Grace and Kosalai for their care, company, encouragement, fun and cheering me up during my difficult times and their help in driving me
towards improvement. I am very much thankful to Kosalai for encouraging me in preparing synopsis and Grace for helping me in microscopy and during thesis writing.

I am thankful to my friend Anitha for being with me at all times and imparting knowledge from various fields. I am extremely thankful to my friends Mahalingam and Yasho for their constant support and encouragement throughout my stay in Delhi. I am also thankful to my cousins Viji and Prabhu for their fun and encouragement. I am thankful to my friends Shavi, Prema and Chandramohan for all their help.

I am very much thankful to my friends Aruna and Gaya for their interest in me and well wishes. I have come to this stage in my life all because of my friends, Padhu, Sara, Puni, Ashok and Ravi.

I am very much indebted to my parents, brother, grandmas, uncles, aunts and my cousins for their patience, understanding and encouragement.

The fellowship received in the form of JRF and SRF from UGC is duly acknowledged.
