Although it has come with share of frustrations, doubts, regrets and tradeoffs, this process has been rich with rewards. Although achieving a new milestone in my career with master's is a personal achievement, I did not get here on my own. Hence, it is important to recognize and thank the very special people - family, friends, peers, colleagues and academics who have helped to make this achievement possible.

It gives me immense pleasure and feeling of satisfaction to express my deep sense of gratitude for all those have been contributed and intended significantly to make this work possible. I am greatly indebted to my Ph.D. supervisor Dr. NIKESH SHAH for providing me an opportunity so that I can enter in this novel research field of materials world. It has been a great privilege to work with him. His continuous inspiration, motivation and keen guidance have made me to reach at this stage of writing my Ph.D. thesis.

Secondly a very special thanks to - Dr. Ketan Kotecha, Director Nirama University who always inspired to put the maximum of my efforts into dissertation work. He has always been helpful to provide the necessary facilities and also to solve my problems.

My sincere regards to the Head Dr. H.N. Pandya, Department of Electronics, Saurashtra University for providing me the departmental facilities and extend my acknowledgements all the teaching faculties of the department for their moral support.

I would like to thank Dr Dhirenbhai Pandya, Asst. registrar Saurashtra University, Prof. Hitesh Nibark HOD Computer Department B.H. GARDI Engineering College, Mr. Sanjay Kuvad.
I feel short of words when I put on record the efforts of my family members in supporting me throughout these years with all the hardships they have faced for me. My heartfelt regards to my parents, my wife Smt. Nehal P Kotak, my daughter Kunj and my son Devanshu for their unending blessings and moral support.

Finally, I sincerely acknowledge all my teachers who have laid an educational foundation in my career during early stages of my education.
