ACKNOWLEDGEMENTS

At this stage of ending my Ph.D. period, I must appreciate the people around me all throughout my academic journey, without whom this thesis would not have been a reality.

I wish to express my sincere thanks to my respected supervisor Dr. Dipak Kumar Dutta, Chief Scientist, Materials Science Division, CSIR-North East Institute of Science and Technology, Jorhat, Assam, for his precious supervision, astute guidance, constant encouragement throughout the course of my research work, which enabled me to complete this thesis without any obstruction. His enthusiastic attitude, innovative ideas and scientific knowledge have inspired me profoundly. I shall be remaining ever grateful in my life to him for his teaching, guidance, friendly approach and wonderful personality.

I would like to thank Dr. P. G. Rao, Director, CSIR-NEIST, Jorhat, for allowing me to carry out research and providing me all infrastructural facilities required for my research work. I am also thankful to Dr. P. Sengupta, Chief Scientist and Head, Materials Science Division, NEIST, Jorhat, for his constructive encouragement, valuable advices, constant support and cooperation during my research period. I also express my gratefulness to Dr. P. C. Borthakur, Ex-Head, Materials Science Division, NEIST, Jorhat for his valuable suggestion, support and encouragement in early stage of my research career. I am grateful to Council of Scientific and Industrial Research, New Delhi for both financial support and research fellowship.

I would like to express my sincere thanks to all the Scientists of Materials Science Division and Coal Division for their encouraging touch in every possible way to complete this work. I would also like to extend my heartiest appreciation to all the technical and non-technical stuff members of Materials Science Division, NEIST, Jorhat, for their help and kind cooperation. Thanks are also to all Research Scholars of Material Science as well as other divisions of this institute, for their suggestion and cooperation.

The invaluable supports rendered by the Analytical Chemistry Division, Glass blowing section and Knowledge Resource Centre (KRC) are gratefully acknowledged.

I am earnestly thankful to my lab mates Bhaskar da, Lakshi da, Siddhartha, Anupam, Biswajit, Pollov, Dipanka, Pallabi, Dimpi, Kokil, Ankana and Subrat whose sharing thoughts, ideas, love and encouraging words have made my Ph.D. period more enjoyable.

With my friends, seniors and juniors my Ph.D. period became cherishably wonderful and will be echoing forever in corridors my mind. I am blessed with friendship of
my friends specially Prasanta, Susanda, Upasana, Sonit, Akashi, Aboni, Mahfuz, Semim, Madhurjya, Meenakshi, Subhra, Mayurima, Partha, Abhishek, Kuldeep, Naba, Bichitra and Sapun. I am also grateful to the faculty members and research scholars of the Dept. of Chemistry, Dibrugarh University, for their kind cooperation during my research tenure.

I gratefully acknowledge all my teachers at Jorhat Moktab L. P. School, Rebakanta Baruah Public High School, J. B. College Jorhat, Govt. Science College Jorhat and Gauhati University, Guwahati for whom what I am today. I sincerely acknowledge late Dr. Aboni Chandra Goswami, Govt. Science College Jorhat, for his best teachings, constant motivations and precious advices which are of great impact on me.

Above all, words are not enough to express my love and gratitude to my family members. My loving brothers Kaku, Boon, Moon, Mantu, Bubu, Akamani, Abhi, Dabu, Paplu, Mithu, Chintu, Dhan, Tapuban, Kukil, Sapun, Maram, two loving sisters Manu, Apu, only ‘bau’ Babli are greatly acknowledged for their unforgettable love, help and the facilities they provided to me. It also gives me great pleasure to thank all my ‘maha-mahi’ especially Sri Sriram Baruah, ‘khura-khuri’, ‘mama-mami’ and beloved ‘Aaitama’ for their love and encouragement to me over the years. I don’t know whether it is possible to convey my deepest gratitude and respect to my beloved parents in mere words, who were always there to support and inspire me, and suffered lot of pain and personal sacrifices to make me competent enough to carry out my Ph.D. work. My successes are dedicated to my parents now and always.

Finally, I must acknowledge that this thesis has seen the light of the day only by the Grace of ALMIGHTY.
