ACKNOWLEDGEMENT

I take this opportunity to express deep sense of gratitude to my inspiring teacher and supervisor, Dr. B.L. Sapru, Reader, Department of Botany, University of Kashmir, for his valuable guidance, keen interest, broad scholarship and many other endearing personal traits.

A great indebtedness is due to Prof. G.N. Javeid, Head, Department of Botany, for his generous help, encouragement and timely academic cooperation which enabled me to accomplish this work.

Generous supply of some important literature by Dr. Keith Moody (IRRI, Philippines), R.L. Zimdahl (IPPC, USA) and L.J. Mathews (FAO, Italy) is acknowledged with regards and thanks.

Profound thanks are also due to Prof. P. Kachroo, Prof. V. Kaul and Prof. S. Farooq for their encouragement throughout the course of this study.

I deem it a pleasure to express my indebtedness to all the teachers of the department in general and to Dr. A.R. Naqshi, in particular, for their encouragement and good wishes.
I wish to place on record the help extended by Dr. Mohd. Ashraf (Lecturer, Govt., Degree College, Bemina) and Dr. Maqsooda Khan (Lecturer, H.S.I, Anantnag) without which it would have been impossible for me to accomplish this task. I am also thankful to all my friends and colleagues in general and to Drs Farooq A Lone, Mehraj-ud-din, Abdul Gani, Rita Raima, M/S Naseemul Gani, Avinash Aima, Shabeer Qadri, Abubakar Ahmad, H.U. Dar, Manzoor A. Khan and Mrs. Santosh Bhan in particular, for their active cooperation in contributing their share for completing this thesis.

I shall be failing in my duty if I do not thank Shri Bansi Lal Koul (Section Officer, Department of Botany) for his help, encouragement and good wishes.

I tender my sincere thanks to Mr. Ali Mohd. Paray (USIC, Kashmir University) and Mr. B.A. Pathan (SKIMS, Srinagar) for their help in analytical work and also to Ms. Anjum Banday for her generous supply of distilled water.

I owe immense gratitude to my parents for their forebearance, understanding and forgiveness, which made all this possible.

Last but not least, the keen interest taken by Mr. Mohamad Sidiq Dar, in typing out this thesis is gratefully acknowledged.

ZAFAR RESHI
