ACKNOWLEDGEMENTS

I would like to express my deep sense of gratitude to my teacher Dr. G.N. Javeid, Director, Sericulture Research Centre, Mirgund, for his constant encouragement, supervision and guidance during the course of present investigation. I also feel it my duty to record my grateful acknowledgement to Professor (Dr.) P. Kachroo, Head of Department of Botany, for providing all the facilities and valuable suggestions during the present study.

Many specialists in the field have given me benefit of their specialised knowledge and donated copies of their publications. Amongst these, thanks are due to Dr. Tateoka, Japan; Dr. K.J. Ahmad, Lucknow; Dr. B. Gupta, Calcutta; Dr. N. Ramayya, Hyderabad; Dr. G.S. Paliwal, Delhi; Dr. F.W. Gould, Texas; Dr. A.G. Sangster, Canada; Dr. J.N. Brunken, Ohio State University, Columbus; Dr. W.V. Brown, Texas; Dr. P.B. Tomlinson, U.S.A; Dr. C.R. Johnston and Watson, Australia.

I owe much to Dr. Rayat Khan; Dr. F. Sikandar; Dr. R. Gohil; Dr. G.M. Bhat and Dr. A.M. Shah; all of these have helped with advice and suggestions.

I am deeply grateful to Dr. A.R. Naqshi; Dr. A.H. Mir; Dr. A.R. Yousuf (Zoology Department) and Dr. A.H. Munshi for their help during the present investigation.
I am also thankful to ICAR and CSIR for financial aid.

Finally, I am indebted to my brothers and bhabies who have stood with me during my student career inspite of short coming on my part. It would be great satisfaction to me if I will ever repay them. My debt to them can not be adequately expressed in words.

I am also thankful to Mohammad Sidiq Dar for typing the manuscript.
