ACKNOWLEDGMENTS

Inevitability has compelled me to restore to this mode of acknowledging the help rendered to me in the completion of my research work. Words seem hopelessly inadequate and limitation of my diction stands quite prominent in the context of magnitude of feelings. Notwithstanding, my best efforts to put them in black and white. I in all probability would be failing to give the right expression to my heartfelt feelings.

I express my sincere thanks to Dr. A.K. Mandal, Director, Tropical Forest Research Institute, Jabalpur (MP) for his experimental suggestions and help and for providing necessary facilities during my research work.

I wonder in what word I should express my gratitude to my guide / supervisor Dr (Mrs.) Nanita Berry, Scientist C, Agroforestry Division, Tropical Forest Research Institute, Jabalpur (MP). The timely guidance, motivation, urge, zeal, lending an air of self-assurance in each phase of my thesis work stands out with clear distinction. It was a privilege to work under her guidance and was a learning experience for me in all respect.

I wish to acknowledge the guidance, immense patience and cordial treatment of Dr. S.S. Marawar, co-supervisor and Ex. Head, University Department of Agricultural Economic and Statistic, Dr. Panjabrao, Deshmukh Krishi Vidyapeeth, Akola (MS) who gave generous long hours of his time in discussing the problems pertaining to this study.
My deep sense of gratitude goes to Dr. V. M. Mayande, Honble Vice Chancellor, Dr. Panjabrao, Deshmukh Krishi Vidyapeeth, Akola (MS) for providing me an opportunity to undertake my doctoral work. I am grateful to Dr. D.L. Sale, Dean (Agril.) Dr. Panjabrao, Deshmukh Krishi Vidyapeeth, Akola (MS) for permitting me to undertake this study and having faith in me.

My deep sense of gratitude goes to Dr. S.W. Jahagirdar, Associate Professor, Department of Agricultural Economics and Statistic, College of Agriculture, Nagpur without his co-operation, understanding and help this task would not have been accomplished. I am grateful to him for his constant encouragement, support and co-operation through the course of the study.

I avail this opportunity to express my warm regards and sincere thanks to Mr. R.S.Pal (IFS), Head, Agroforestry Division, Tropical Forest Research Institute, Jabalpur (MP), Dr. A. K. Pandey, Head, Non Wood Product Division, TFRI, Jabalpur, Dr. N. Roychoudhary, Scientist “F”, Entomology Division, TFRI, Jabalpur Dr. S.D. Sonar, Head, Silviculture Division, TFRI, Jabalpur Dr. R.K. Verma, Head, Pathology Division and Nodal Officer, TFRI, Jabalpur Shri. Ranbir Singh, Research Officer, Agroforestry Division, TFRI, Jabalpur for their timely advice and constructive criticism during my research work, which proved to be of immense help.

My heartful thanks are also due to Dr. J.S. Zope, Associate Dean, College of Forestry, Dr. Panjabrao, Deshmukh Krishi
Vidyapeeth, Akola (MS) for his kind help and useful suggestions throughout the research work.

I am also obliged to the staff members and research scholars of College of Forestry who have directly or indirectly helped me during the course of study. It is a pleasure to acknowledge more specifically the help rendered by Dr. V.P. Mane, Mr. Shailesh Harne, Dr. Naresh Kapse, Dr. A.U. Nimkar, Prof. H.K. Deshmukh, Prof. S.W. Chaudhary, Mr. V. B. Shambarkar, Dr. S. C. Nagpure and Dr. V. B. Ujjainkar.

Gratitude is an ugly word in friendship; help is an inseparable part of it. I am surrounded by my intense friends. I have come to rely on Dr. Sanjay Gawande, Mrs. Jayshree Jayram, Mrs. Rajshree Subedar, Mr. Dilip Futane, Dr. S.G. Bharad, Dr. Rajendra Gade and Mr. Bharat Gudade.

Love, encouragement and enthusiasm are the fabric stories of intellectual foundation. This is the point which I have inculcated with the blessings of my parents. An enigma results, whenever I project my memory to consult my intellect upon some words to express my gratitude towards them and I successfully fail to transform their immaculate entities of deeds into a mere frame code of language. I bow my mind, body and spirit to be shattered by the warmest, glorified, golden rays of my beloved parents.

Words fail to express my feelings for my beloved wife Mrs. Devayani and my wards Sai and Atharva who silently bore my long absence and bestowed abundance of affection and encouragement.
I wonder how one can express the inexpressible gratitude to such nearer and dearer ones. Special regards to Mr. Pravin Chauvan, Kalmegh and Khaindait families whose affection has been the source of inspiration throughout my research work. I indebted thankful to Mr. Anand Joshi (Skyline Computers) for his painstaking efforts to make this voluminous work possible.

I also express my sincere thanks to Forest Research Institute, University Dehradun for registering me as an external scholar to undertake this research work.

Finally, the necessary facilities provided by Dr. Panjabrao, Deshmukh Krishi Vidyapeeth, Akola (MS), during the course of investigation are greatly acknowledged.

Above all, I bow my head to GOD Almighty who blended me with health and confidence to undertake this venture successfully.

Date (Yayati B. Taide)
