The Text of the present study is divided into six chapters

CHAPTER I INTRODUCTION 1-15
Deals with the history and application of the dermatoglyphics. In this regard this chapter gives a review of the previous works done on the dermatoglyphics traits, especially the association of dermatoglyphics with various types of clinical disorders.

CHAPTER II INFORMATION ABOUT THE CANCER 16-25
Supply information about the cancer and the types of cancer

CHAPTER III MATERIAL AND METHODS 26-39
Deals with the material collected for the present study, the method followed for the analysis of the data and the statistical treatment given to the data

CHAPTER IV DERMATOGLYPHIC AND ITS ASSOCIATION WITH MOUTH CANCER, BREAST CANCER AND PROSTATE GLAND CANCER 40-167
Deals with the association between dermatoglyphic traits and cancer i.e. mouth cancer, breast cancer and prostate gland cancer
CHAPTER V  
DERMATOGlyphIC AND ITS ASSOCIATION WITH THE CANcer  

Speaks about the association of dermatoglyphic traits and cancers as a whole. Here all three types of cancer are pooled together and after that association between dermatoglyphic traits and the cancer has been investigated.

CHAPTER VI  
SUMMARY AND CONCLUSION  

Sum up the present study in a nut-shell.
