ACKNOWLEDGEMENT

The author accepts this privilege to acknowledge his indebtedness to Professor A.K. Bhattacharya, D.Sc., F.N.A.Sc., F.R.I.C. (London), Head of the Department of Chemistry, University of Saugar, for his esteemed guidance throughout the course of this investigation.

Dr. S.N. Banerji, M.Sc., D.Phil., F.N.A.Sc., Reader, Department of Chemistry, University of Saugar, has made a critical perusal of the manuscript and offered valuable suggestions for its improvements. To him the author expresses his heartfelt thanks.

Thanks are due to the University Grants Commission, New Delhi, for financial assistance in the form of a post-graduate research scholarship.

The author owes his sense of gratitude to his wife for her help and cooperation during the preparation of this thesis.
