ACKNOWLEDGEMENT

First and foremost, I thank the almighty for His blessings and for having shown me the correct path, during my emotional and mental oscillation.

I am grateful to my supervisor, Dr. P. Yogesh, Associate Professor, Department of Information Science and Technology, Anna University, Chennai, for giving me the opportunity to pursue my Ph.D. and providing a supportive environment. His knowledge, guidance, support, and motivation have been instrumental throughout the course of research. His faith in my abilities has helped complete the research and kept me from leaving at times.

My gratitude to Dr. A. Kannan, Professor and Head, Department of Information Science and Technology, Anna University, Chennai, for his kindness and support from the initial stages of research.

I thank the Doctoral committee members, Dr. P. Narayanswamy, Professor, Department of Information Science and Technology, Anna University, Chennai and Dr. C. Aravindan, Professor, Department of Computer Science and Engineering, SSN College of Engineering, Chennai, for their valuable feedback throughout all the stages of research.

I also owe my gratitude to Dr. T. V. Geetha, Professor and Head, Department of Computer science and Engineering, Anna University, Chennai for igniting the research interest in me. Much of my hard work and effort would not have materialized into research if not for the encouragement and endurance shown by my husband N. Kannan and my sons. Finally, I want to thank all the people who have supported me in this endeavor.
