Acknowledgements

I lack of words to express my respectful thanks and deep sense of everlasting gratitude and heartfelt appreciation to my revered teacher and research supervisor Dr. N.B. Naduvinamani, Professor, Department of Studies and Research in Mathematics, Gulbarga University, Gulbarga, for his scholarly advice, esteemed and creative guidance, valuable discussions, constant encouragement, meticulous care and unfailing interest shown at different stages of my research work, without which it would have been impossible to pursue and complete work.

I would like to extend my sincere gratitude to Prof. M.H. Muddebihal, Chairman, Department of Studies and Research in Mathematics, Gulbarga University, Gulbarga, for providing all facilities to carry out my doctoral research and helping in every other way. I am also extremely thankful to all my teachers in the Department of Mathematics, Gulbarga University, Gulbarga, for their valuable help and encouragement.

My special thanks to Senior researchers Dr. Kashinath Biradar, Dr. Siddanagouda, Dr. Santosh Huggi, Dr. S.B. Patil, Dr. Hanumagowda B.N., Dr. Rajshekar and my research colleagues Mr. A.G. Hiremath, Mrs. Archana and Mrs. Shridevi for their kind cooperation, support and suggestions given to me at every stage of my research work.

My hearty thanks to my dear pals Dr. Rajeshwari T., Mrs. Manjula B.K., Dr. Mousumi Das, Reshma S., and Mrs. Sumangaladevi, Mr. Prashanth J. for giving me a helping hand in this work. I would also like to extend my thanks to all those who have directly or indirectly helped me to carry out this work.
I am grateful to the University Grants Commission (UGC), New Delhi, for providing financial support under the Research Fellowship in Science for Meritorious Students (RFSMS) to carry out this research work consistently.

I wish to acknowledge an everlasting debt of gratitude to my loving parents Sri. Giriyappa G. and Smt. Parvathamma and my family members without whose blessings and encouragement it would have been impossible for me to complete my research work.

G. K. Savitramma
