ACKNOWLEDGEMENT

It is with utmost pleasure that I express my sincere gratitude to God and my parents for graceful blessings showered upon me for the successful completion of this work.

Writing a dissertation can be a lonely and isolating experience, yet it is obviously not possible without the personal and practical support of numerous people that have supported during the research development in my career. The journey was not always trouble-free, riddled with pitfalls and disappointments, but somehow I managed to persevere and learn so much about life along the way. I could never have completed this goal without the help, support, guidance and efforts of many people.

I am privileged to thank Prof. P. Murugesan, Chancellor, PRIST University, Thanjavur, Tamilnadu for his encouragement and permitting me to utilize all the facilities available in the university to complete the research work.

With heart and soul I wish to place on record my heartfelt thanks and gratitude to my respected guide Dr. S. Ravikumar M.Sc., M.Phil., Ph.D., Dean, Faculty of Biotechnology, PRIST University, Thanjavur, who made a never fading impact on me through her meticulous guidance, steadfast inspiration, untiring patience, non-compromised, constant motivation and ready help rendered in research and personal care with doting heart. My sense of gratitude to his will preserve till eternity.

My sincere thanks to Dr. N. Ethirajalu, Vice-Chancellor; Dr. P.S.M. Kannan, Pro-Chancellor (Administration); Prof. C. Nagarajan, Pro-Chancellor (Academic); Dr. G. Swamidoss Daniel, M.Sc., M.Phil., Ph.D., Controller of Examination; Dr. G. Govindarajan, Director-Academic affairs; Dr. G. Kuppuswamy, Director (CRD), Dr. V. Manivannan, Additional Director (CRD), PRIST University, Vallam, Thanjavur, Tamil Nadu for their encouragement and inspiration throughout the course of my study.

I deeply express my gratitude to doctoral committee members Dr. J. Karthikeyan, Scientist (CRD) and Dr. P. Prabakaran, Assistant Professor for their constant encouragement, selfless help which enabled me to complete this work successfully.
I deeply owe my sincere thanks to organization (MERCK Groups-Bangalore) for granting special permission and my co-workers Dr. G. M. Sankolli M.Sc., P.hD., Chief Technical Head, Mr. D. Muralidaran, Head Commercial, Mr. Sunil S Syrian, M.Sc., Scientist, Ms. Bindu Damodaran, M.Sc., Scientist, Ms. Vijayalakshmi Bhat, M.Sc., Scientist, Ms. Sunitha Bulla, M.Sc., Associate Scientist, Mr. T. G. Parameshwaran, M.Sc., Scientist, Mr. S. Manoj Kumar, M.Sc., Scientist and Mr. Shrinivas Kulkarni, HR-Manager-Business and all the lab people and MERCK colleagues for their constant encouragement, selfless help which enabled me to complete this work successfully.

I deeply express my deep feelings of gratitude to organization (SANMAR Groups, Chennai) and my colleague Mr. Murugasan, Senior Manager-HR, Mr Venkatesh, Assistant General Manager-HR, Ms. Sarada Jagan, Executive Director-HR for granting special permission to pursue PhD.

I deeply express my gratitude to Prof. Dipankar Chatterji and his Research Assistant, Mr. K. Sathish, Molecular Biophysics Unit, Indian institute of science (IISc), Bangalore, India for help with MALDI-TOF-MS/MS and data analysis.

I also extend my heartful thanks to Mr. S. Ilavenil and Dr. B. Kaleeswaran, my doctoral research colleague who has been at my back and call and keyed up from head to foot in the completion of my work. It is the cumulative efforts of the above minds working together day and night that gave me the contentment of completing the task.

In this study, direct or indirect help and suggestions were received from a large number of individuals, books and published works. Sincere efforts have been made to acknowledge or to refer them; still it is not unlikely that some of them have not been acknowledged due to inadvertence. I thank each and every soul behind the endeavor of mine.

(D. KARTHIK)
