ACKNOWLEDGEMENTS

Not as a mere formality but with all humility and full reverence, I take this opportunity to record my gratitude to my revered teacher, Supervisor and guide DR. SANTOSH KUMAR SRIVASTAVA, M.Sc., D Phil.(Ald), Ex. National Associate Fellow (U.G.C.), Lecturer, Department of Chemistry, Doctor Hari Singh Gour Vishwavidyalaya, Sagar, SAGAR [M.P.] whose learned and able guidance and indispensable for the completion of this work. He has always been a fountain of inspiration to me. His scholarly suggestions, ready help and gracious demeanour made it possible for me to bring this humble attempt to completion.

I am very much thankful to HEAD, Department of Chemistry, Doctor Hari Singh Gour Vishwavidyalaya, Sagar, SAGAR [M.P.] for generous encouragement and for provision of all the facilities for carrying out the present work.

Acknowledgements of indebtedness are also due to DIRECTORS, Central Drug Research Institute, Lucknow [U.P.]; Regional Research Laboratory, Jammu-Tawi; Defence Laboratory, Gwalior [M.P.] and to DR. D.S.BHAKUNI, HEAD, Medicinal Chemistry Division, Central Drug Research Institute, Lucknow [U.P.] for providing spectral and analytical data of the compounds discussed in the present thesis.

I must express my sincere gratitude to PROF. R.H.THOMSON and DR. JOHN R.LEWIS, Department of Chemistry, University of Aberdeen, Scotland [U.K.] for recording the high resolution $^1$H-NMR spectra and to DR. PAHUP SINGH, Reader, Department of Chemistry, University of Rajasthan, Jaipur for interpretation and valuable suggestions given from time to time.
(ii)

It will amount to a great failure if the authoress does not express her deep sense of respect and thankfulness to her parents and sisters for his valuable cooperation and encouragement in absence of which the work would not have reached to completion.

This record of my debts will not be complete without grateful mention to my maternal uncle and his family, and my brothers MR. V.D.DEOUSKER; MR. M.D.DEOUSKER; MR. S.D.DEOUSKER and MR. MOHAN DEOUSKER who helped me in various ways and contributed towards the successful completion of this work.

I am also thankful to DR.(MRS.) ANJALI JAIN for generous gift of the authentic samples.

I am highly obliged with DR.(MRS) SAVITRI DEVI SRIVASTAVA Lecturer in Organic Chemistry, Department of Chemistry of this University for constant encouragements, constructive and helpful comments and affectionate interest throughout the progress of the work.

I am grateful to DIRECTOR, Madhya Pradesh Council of Science and Technology, Bhopal [M.P.] for the award of a Junior Research Fellowship which helped me to carry out this work.

Lastly, but certainly not least I wish to express my thanks to DR. V.K.AGNIHOTRI, MISS MIRA SAXENA, MR. M.L.KHUBCHANDANI MRS. KALPANA RUSIA and MR. ARUN KUMAR JAIN my fraternal colleague in the laboratory and my friend MISS. PURNIMA BHAGWAT for their valuable suggestions and help.

(Signed)

(MISS, SANDHYA PITRE)
