ACKNOWLEDGEMENT

An acknowledgement is usually taken as a customary ritual with which a thesis or any academic work opens. To me, it is more than ritual performed in the strict grammar of courtesy. At this point of life, I consider it as my proud privilege, pleasure, honour and foremost duty to place on record my humble notes of gratitude and indebtedness to all those who stood besides me in the course of my doctoral research.

Dr. Jairid Khan, Reader, Department of Chemistry, Dr. H. S. Gour University, Sagar, has guided me at every step, right from the moment of conception of the research design down to its successful completion. His message of encouragement, helpful attitude and their eagerness towards an expeditious completion have more than enthused me to push ahead my work in spirit of single minded pursuit. I owe him heart felt thanks for all his interest and benevolent guidance.

I hasten to register my note of sincerest thanks to PROF. S.P. Banerjee, Head, Department of Chemistry, Dr. H.S. Gour University, Sagar, not only for the research facilities provided by him in my research endeavour but also for their continued interest and encouragement.

I am grateful to Prof. U.K. Sexana, Prof. K.S. Pitre, Prof. O.P. Shrivastava, Prof. A.K. Benarjee and Prof. Nisha Shrivastava for their tremendous help and excellent cooperation. My sincere thanks are due to Dr. A.K. Guru, Director, State Forensic Science Laboratory, Sagar (MP) and forensic scientists Dr. M.P. Goutam, Dr. A.K. Singh, Dr. Neelima Sharma and Dr. M.K. Sodhia for their immense help and valuable suggestions.

Personal debts are very difficult to acknowledge. Ms. Qudsia Zaidi (Principal), Smt. Suraiya Zaidi, Ms. Rehana Zaidi (Principal) and Tare uncle
adorn a special place in my heart for their magnanimity immense help, constant love and affection. The invaluable help rendered by Dr. Ilyas Ansari, P. L. Sahu, Arif, Shariq and Alim will be perpetually remembered. Baba (Perfect Computer), Sanjeev (Radiant Computer) and Dr. Firoz Khan are affectionately remembered for their helpful attitude and encouragement. I acknowledge my indebtedness towards my fraternal friends L.N. Mishra, Ratnesh, C. Prakash, Sanjeev Saxena and Nitin for their special interest in this endeavour. I am grateful to my co-researchers Seema, Rachna, Prachi, Madhvi, Laxmi, Santosh and Amol for their keen and continued interest, periodic discussions and kind encouragement.

Moments of depression occasionally visited me due to the sickening monotony of the work a day routine. During such phases my mother, brother Faizan Zaidi, and Suman played a key role as my moral booster and I seize this opportunity of extending my warmest thanks for their kind and reassuring notes of cheers.

I take pride in making special mention of my elder brother Shri Sanjay Tiwari who have always cared about me and completed my thesis work at Computer Kendra, E.L.C., Police Line Sagar (MP).

Bounded by the bond of natural piety, I am deeply indebted to my grandparents and my father for the moral supports, the affection and good wishes that they have flowed in towards me in an abundant measure.

I am also thankful to Higher Education Commission, Govt. of M.P. for providing me state research scholarship as financial assistance.

Finally, in the course of my doctoral research, I have learnt so much from so many scholars that I owe as much to as many scholars in this university and other academic institutions. I, therefore, treat it as my proud privilege to place on record my humble notes of gratitude, indebtedness and thanks to them all.
