The task of acknowledgment the incalculable debt of appreciation which is owed to many is a very pleasing feature of thesis writing. It gives me immense pleasure in thanking those who were associated with me during the tenure of my research work.

Rock is the same, but a sculptor transforms it in to a sculpture and a smith makes it as a stone for a building while a carver makes a temple out of it. Though, all the students are equally gifted, their shaping lies on the artist at whose hands they fall into. For me, it was heavens' showered good fortune and golden opportunity to work under the guidance of Prof. K.S. Pitre, Head, Department of Chemistry, Dr. Hari Singh Gour University, Sagar. I am deeply indebted to my guide and mentor for suggesting me the scientific problem and for his inspiring resourcefulness and supervision of the entire work. Words can not express my gratitude for the affectionate kind treatment, sustained interest, encouragement, constructive and logical criticism, timely admirations and strainous efforts throughout my period of study and providing the conducive atmosphere for my work without any hitch. He will remain evergreen in my memory. The light candled by him in my life will shine for ever.

I acknowledge the sustained help and encouragement given to me by all the teachers of Chemistry Department, Dr. Hari Singh Gour University Sagar.

I express my heartfelt thanks to my seniors specially Dr. Diwakar Verma, Dr. Swati Jain, Dr. Ashutosh Mishra and my collaborators, Kirti, Garima, Niyati didi and Rakesh for the help and encouragement extended to me to complete the thesis and also to decorate the thesis in its' present get up.
I am really short of words to express my feelings and gratitude to my godly respected parents Mrs. Manju and Mr. Anil Tiwari for all my achievements, till date. Words fail to express my thoughts to my loving elder sister Mrs. Shweta didi and brother in law Mr. Neeraj Dubey, Mukta didi and Atul for showering Sweet love and affection over me and for untiring help, encouragement and motivation for the successful completion of this endeavour. The charming and ever smiling innocent face of my niece, Cheeni has always encouraged me to see the work completed.

Last but not the least, I shall be failing in my duties if I do not admire the almighty, Lord Shiva, Who has been behind me throughout the duration of this work.
