ACKNOWLEDGEMENTS

I continue to be conscious of many obligations to many in various measures. The heaviest of those, I acknowledge my sense of gratitude to my Supervisor, Dr. Y. G. Kher, M.Sc., Ph.D., Reader, Department of Chemistry, University of Saugar, who gave me immense amount of both, help and inspiration at various stages and whose valuable guidance and keen interest in this investigation encouraged me to pursue the problem.

I wish to place on record my heartfelt thanks to Dr. S.S. Nigam, M.Sc. (Alld.), Ph.D. (Saugar), Ph.D. (London), D.I.C., F.R.I.C., F.N.A.Sc., Professor & Head (Retired) Department of Chemistry, University of Saugar, for providing the necessary facilities to carry out the work.

I feel pleasure to extend my gratefulness to Dr. A.V. Mahajani, M.Sc., Ph.D., Professor and Head, Department of Chemistry, University of Saugar, Sagar (M.P.) for his affectionate behaviour and encouragement for the completion of the work.

I express my thanks and appreciations to some of the staff members and fellow research workers with whom I have had stimulating but useful discussions during the course of research work.

I have been fortunate in many friends particularly Sri N.S. Rajput and Sri B.S. Babu (Research scholars) Departments of Geography and Zoology respectively who helped me at some stages
in the completion of the work.

I am very much indebted to Dr. S. Malikarjunan, Professor, Department of English, University of Saugar, who has been benevolent enough to go through painstakingly the manuscript of the thesis despite his heavy and hectic schedule of engagements.

I gratefully acknowledge my thanks to the Directors, C.D.R.I., Lucknow and F.S.L. Sagar for providing me the necessary facilities for I.R. and U.V. studies respectively.

I feel pleasure while expressing my deep sense of gratitude to the Principal, Secretary and Members of the Executive Committee of J.M.V. Ajitmal, Etawah (U.P.) for granting me study leave and thus enabling me to complete the work. I would be failing in my duties if I do not express my appreciation and heartily obligations to my colleagues of J.M.V., Ajitmal, Etawah (U.P.) for their encouragements and good wishes during my stay at Sagar.

Lastly but not the least, I acknowledge my thanks to the Chairman, U.G.C., New Delhi for providing me an opportunity as a Teacher research fellow under F.I.P. to accomplish this task.

As I conclude, this brief and necessarily incomplete endeavour to pay my considerable debts, I must, nevertheless, diffidently hope that this final product, which owes so much to so many, will, in some measure, justify the time, money, educational effort and the patience that have been so generously expended on me.

(S. N. Tripathi)
