GRATITUDE

I am highly indebted to Dr. S.N. Kaveeshwar, Ph.D., Principal Govt. Science College, Rewa (MP) and to Dr. A.K. Bhattacharya, D.Sc. Professor and Head of the Chemistry Department, University of Sagar, Sagar for suggesting the problem and steering me through the most difficult phases of the present undertaking. I am much grateful to their kind help, without which, I am afraid, the work would have not been completed.
