ACKNOWLEDGEMENTS

During the course of my research work, I got help, advises, suggestions, and cooperation from many people, some influenced me, some just stood by me, some inspired me and some helped me in completing this herculean task.

First of all, I would like to express my profound gratitude to my esteemed supervisors Prof. S. C. Agrawal, Head, Department of Applied Microbiology and Biotechnology, Dr. Harisingh Gour Vishwavidyalaya, Sagar and Prof. S. P. Vyas, Department of Pharmaceutical Sciences, Dr. Harisingh Gour Vishwavidyalaya, Sagar for their ever encouraging and able guidance. Their keen interest, creative suggestions and constructive criticism made this work possible.

I thankfully acknowledge Prof. V. K. Dixit, Head, Department of Pharmaceutical Sciences for providing all necessary facilities to carry out this work.

At this juncture I would like to extend my heartiest gratitude to Dr. P. C. Jain, Reader and Mr. Naveen Kango, Lecturer, Department of Applied Microbiology and Biotechnology for their help and co-operation.

I am moved, when I remember my senior and loving friend Late Sarita Gupta, Adhoc lecturer, Department of Applied Microbiology and Biotechnology. Her constant motivation and encouragement helped me to continue my research in all odds.

I deeply indebted to Panacea Biotec, New Delhi, my employer with whom I am employed as research associate, R & D, for their consistent encouragement, financial assistance and leave to work at Sagar in Drug Delivery Research Laboratory, Department of Pharmaceutical Sciences. I am indebted to Dr. Amarjit Singh, Vice president, R & D, Panacea Biotech, Lajru, Punjab, for
his continual encouragement constructive suggestions and time to time help, which I gathered during the tenure.

The librarian, National Medical Library, New Delhi, National Institute of Immunology, New Delhi, Central Drug Research Institute, Lucknow, National Institute of Pharmaceutical Education and Research, Mohali, Punjab and Jawaharlal Nehru Granthalaya, Sagar are duly acknowledged for providing valuable literature to carry out this work.

I record my gratitude towards Dr. Vikas Jaitely and Dr. Parijat Kanaujia for helping me out to the fullest possible. I express my sincere thanks to all the members of Drug Delivery Research Laboratory, Department of Pharmaceutical Sciences, Mr. Vaibhav Siborkar, Mr. Vivek Mishra, Mr. Paramjit Singh, Mr. Amit Rawat and Mr. Praveen Dubey for their support and help.

I find no words to express my feelings for Ms. Preeti Venugopalan. She is the pillar of strength for me. Her ever encouraging and motivating talks guided me to complete this task.

With a deep sense of respect and reverence, I owe to my father-in-law Shri K. P. Sharma and my husband Mr. Anil Sharma, who had kept my requirements at priority in any situation. They showered love and affection vis-à-vis tolerated all the agonies that beset distance and encouraged me in achieving my goals.

I also owe a fair share of heartfelt gratitude to my Mother, Father and all family members. They constantly encouraged and spurred me on.

Finally, I bow to God almighty for making everything worthwhile.
